TORNADO TABLE-TOP EXERCISE

Benedictine University Emergency Preparedness Manager, Michi Dubes hosted a table-top exercise regarding how to recover in the event of a tornado striking campus.

In most cases if a tornado does touch down in Lisle, Village first responders will be busy with Lisle residents, schools and other facilities.

Benedictine University may have to rely on its own first responders, University Police and E.R.R.T. for the first few days.

END OF YEAR COOKOUT, GREAT SUCCESS!

The Annual cookout hosted by University Police and Student Health Services was a great success. Even during final exams, the line for food wrapped around Krasa Hall at one point. Thanks for your participation.

BENU POLICE TO BE ACCREDITED

Benedictine University Police Department was recently inspected by ILEAP (Illinois Law Enforcement Accreditation Program) a division of the Illinois Association of Chiefs of Police.

This inspection reviewed policy, general orders, evidentiary and record keeping practices, employee knowledge of those topics and overall operational performance.

At the conclusion of the inspection, University Police Chief Salatino was notified that the Assessors were recommending that BenU Police Department be given accreditation.

This will make BenU Police the 2nd University law enforcement agency in Illinois to become accredited and the 1st Private University in Illinois to have an accredited law enforcement agency.
