

**M.S. in Integrative Physiology**  
Interview Track Program for  
Benedictine Master's Students

**Benedictine University**  
**College of Science**

## Pharmacy Program

- LECOM will offer an interview to students enrolled in Benedictine University's Master of Science in Integrative Physiology (M.S.I.P.) program who apply as a traditional applicant to LECOM's College of Medicine. To qualify for the interview, the M.S.I.P. student must:
- Have an M.S.I.P. program cumulative GPA of 3.0 or higher;
- Have a Cumulative Overall GPA and Cumulative Science GPA, including courses taken in the Benedictine University's Master of Science in Integrative Physiology program (GPA  $\geq$  3.4; and Cumulative Science GPA  $\geq$  3.2, as of February 1<sup>st</sup> of the year of matriculation or provide proof that these are achievable by the end of the spring term. All GPAs are as calculated by PharmCAS.); and
- No final course grade less than a "C" in the Benedictine University's Master of Science in Integrative Physiology Program.
  - Cumulative Overall GPA\* .....  $\geq$  3.4; and
  - Cumulative Science GPA\* .....  $\geq$  3.2
