A Guide to Safety at Benedictine University - Mesa Campus

In 2024, Congress amended the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092 (f)) (or the “Clery Act”, which is now known as the Jeanne Clery Campus Safety Act). The Clery Act requires colleges and universities receiving federal funding to disclose reported instances of criminal activities on campuses. In addition to the disclosure of campus crime statistics, the Clery Act requires that timely warnings of criminal activity be disseminated to the campus community, as well as the disclosure of various campus policies. For more information on the Clery Act, please visit the Campus Security Web Site of the U.S. Department of Education, Office of Post-secondary Education, at: <http://www2.ed.gov/admins/lead/safety/campus.html>. The Clery Act is intended to assure that students and their families, as higher education consumers, have access to accurate, complete, and timely information about safety on campus so that they can make informed decisions.

Procedures for Preparing and Distributing the Annual Security Report

The Director, Campus Safety and the Emergency Preparedness Manager in Lisle is responsible for preparing and distributing the Annual Security Report to comply with 34 CFR 668.46 of the Clery Act for the Mesa campus. The Annual Security Report is published annually by October 1 and contains three calendar years of campus crime statistics and certain campus security policy statements in accordance with the Clery Act. This required statistical information is presented in this Annual Security Report. The Annual Security Report also informs individuals how to report crime to university officials or local law enforcement agencies on a voluntary and confidential basis. Security policies include **immediately** reporting crimes and emergencies, security resources, crime awareness and prevention, security of campus facilities and residence halls, and alcohol, drug, and weapons violations.

Reporting of Criminal Offenses, Emergencies, and University Response

University community members – students, faculty, staff, and guests – are encouraged to report all crimes, emergencies, and public safety related incidents to Campus Safety in an accurate, prompt, and timely manner. Campus Safety has been designated by the University as the official office for campus crime reporting. Accurate and prompt reporting ensures Campus Safety can evaluate, consider, and send timely warning reports, disclose crimes through ongoing disclosure processes such as the posting of crimes in the Daily Crime Log and accurately documenting reportable crimes in its annual statistical disclosure. The University further encourages accurate and prompt reporting to Campus Safety and/or the local police when the victim of a crime elects to or is unable to make such a report. This publication focuses on Campus Safety because it has primary responsibility for patrolling the campus and it has been designated as the institution's primary reporting structure for crimes and emergencies. However, criminal incidents or incidents off campus can be reported to the Mesa Police Department. The Mesa Police Department is located at 130 North Robson, Mesa, Arizona 85201 and can be reached at 480-644-2211 or in case of an emergency, 9-1-1.

Responsibilities of the Benedictine University Community for their own Personal Safety

Members of the University community must assume responsibility for their own personal safety and the security of their personal property. The following precautions provide guidance:

- Report all suspicious activities to Campus Safety immediately;
- Never take personal safety for granted;
- Try to avoid walking alone at night. Use the Campus Safety escort service;
- Limit your alcohol consumption, and leave social functions that get too loud, too crowded, or that have too many people drinking excessively;
- Carry only small amounts of cash;

- Never leave valuable (wallets, purses, books, phones, laptops, etc.) unattended;
- Always carry your keys and do not lend them to anyone;
- Lock car doors and close windows when leaving your car;
- Always lock the door to your residence hall room or apartment, whether you are there. Be certain that your door is locked when you go to sleep, and keep windows closed and locked when you are not at home. DO NOT PROP OPEN INTERIOR OR EXTERIOR DOORS;
- Do not leave valuables in your car, especially if they can be easily noticed; and
- Engrave serial numbers or owner's recognized numbers, such as driver's license, on items of value.

Confidential/Anonymous Reporting

Campus Safety encourages anyone who is the victim or witness to any crime to promptly report the incident to Campus Safety. When a report is made to Campus Safety, they must investigate the incident and cannot hold reports of crime in confidence. With the information investigated from the crime, the University can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with regard to a particular location; method, or assailant; and alert the campus community to potential danger. Reports filed are counted and disclosed in the annual crime statistics for the institution.

It is understood that not everyone is comfortable speaking with the police. We urge you to speak with your supervisor, any senior University official or Human Resources should you become aware of any act or omission, which you think violates the law or University policies or procedures.

Benedictine University has an obligation and commitment to conduct business legally and ethically. It is our policy to prevent violations of the law or other improper business conduct and detect and remedy violations should they nonetheless occur. In keeping with this obligation, employees are expected to conduct themselves ethically and honestly. Furthermore, it is the responsibility of every employee to report any illegal, unethical, or improper activities. Should you need to report a situation that may conflict with this statement, you are encouraged to speak with your supervisor, an appropriate management representative or Human Resources. You may make an anonymous report by using the Anonymous Reporting Form at: https://benu.formstack.com/forms/anonymous_reporting_form

Policy Statement Addressing Counselor Confidentiality

The University "Pastoral Counselors" and "Professional Counselors," when acting as such are not considered to be a campus security authority and are not required to report crimes for inclusion in the annual security report disclosure of crime statistics. As a matter of policy, the professional counselors are encouraged if and when they deem it appropriate, to inform individuals being counseled of the procedures to report crimes on a voluntary confidential basis to the Mesa Police Department.

Counselors are defined as:

Pastoral Counselor – A person, who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor – A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution.

All information with regards to counseling remains confidential, except in situations where there is a threat to life and safety. Campus Response Evaluation (CARE) team, Campus Safety, Campus Ministry, and outside professional agencies, work together to minimize any threat to oneself and the entire internal and external campus community. Information on CARE can be found at: <https://ben.edu/care-team/>

Violence Against Women Act and Title IX

The Violence Against Women Reauthorization Act of 2022 (VAWA) is aimed at addressing sexual assault and other forms of gender-based violence by expanding access to safety and support for survivors and increasing community-wide prevention efforts. The reauthorization of VAWA contains several new measures and adds new definitions and revised others. The 2022 VAWA reauthorization does not change the training requirements under the 2013 VAWA

reauthorization. Sexual violence primary prevention and awareness programming shall be provided for all students who attend one or more classes on campus annually. In addition, we require all staff and faculty to complete online training annually. We have designed an in-house training program delivered virtually with students, faculty and staff using Zoom. We have taken the training and added it to our learning management system, D2L, for those that could not make the scheduled Zoom times. The Counseling Center offers in person training or calls via Zoom for those students that are triggered by the topic and would prefer a talk with someone.

Benedictine University expects its Trustees, officers, faculty, staff, and students to cultivate an environment that allows members of the University community to enjoy the full benefits of their work or learning experience. It is, therefore, the policy of the University to comply with Title IX of the Education Amendments of 1972 ("Title IX"), which prohibits discrimination based on sex (including sexual harassment and sexual violence) in the University's employment, educational programs, and activities. Title IX also prohibits retaliation for asserting or otherwise participating in claims of sex discrimination. Such behavior seriously undermines the University's effectiveness as an educational institution and a workplace.

A person who has been a victim of sexual assault is strongly encouraged to **immediately** report the crime. Victims are strongly urged to preserve all physical, trace and serological evidence, to include clothing, bedding and body fluids, associated with the assault, to ensure a successful criminal prosecution, or administrative sanction against the offender, if desired. The University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims, both within the University and in the community. Upon request, assistance will be provided in changing academic schedules and living arrangements.

The [Victim's Bill of Rights](#) is addressed in Article II of the Arizona Constitution. Further, Crime Victim's Rights are outlined in A.R.S. Title 13, Chapter 40 to ensure fair and compassionate treatment for victims and witnesses of crime. Arizona victims' rights law provides that victims have the right to receive timely notice of criminal proceedings in their cases. Victims have the right to be present in the courtroom during all proceedings involving the defendant. The Victim's Bill of Rights and related statutes ensure that victims are provided the opportunity to be heard at release, plea, and sentencing proceedings. These laws also provide for the safety of victims throughout the criminal justice process as well as their interest in avoiding unreasonable delays, their claims for restitution, and to be treated with dignity and respect.

Arizona Domestic Violence Act: Rights of Victims

Domestic violence is a crime. Any person who hits, chokes, kicks, threatens, harasses or interferes with the personal liberty of another family or household member has broken the Arizona Domestic Violence law. Under Arizona law family or household members are defined as:

- Family members relate by blood;
- People who are married or used to be married;
- People who share or used to share a home, apartment, or other common dwelling;
- People who have or allegedly have child in common or a blood relationship through a child in common;
- People who are dating or engaged or used to date; and
- People with disabilities and their personal assistants.

Domestic violence consists of physical assault, sexual abuse and stalking. The violence takes many forms and can happen all the time or occasionally. If you are in an abusive situation, you are urged to seek help.

For employees who may have been a victim of a criminal act of violence, the University fully complies with the Arizona Revised Statute – Title 13 Criminal Code, [Section 13-4439](#), which gives employees affected certain rights for leaves of absence, protective measures in the workplace, and reasonable accommodations. More information about the University's policy may be obtained from Human Resources.

- B. The Title IX Coordinator will evaluate the report to determine if the alleged conduct falls within the definition of sexual harassment under this Policy.
 1. The Title IX Coordinator shall dismiss any allegations that:
 - a. Show the Complainant was not participating in or attempting to participate in the University's education programs or activities at the time the report was filed; or
 - b. Would not constitute sexual harassment even if proved; or
 - c. Allege conduct which did not occur in the University's education program or activity; or
 - d. Alleged conduct which did not occur against a person in the United States.
 2. The Title IX Coordinator *may* dismiss a Formal Complaint:
 - a. Upon Complainant's written request to withdraw the Formal Complaint; or
 - b. If the Respondent is no longer employed or enrolled at the University; or
 - c. If specific circumstances prevent the University from gathering evidence sufficient to reach a determination.
 3. If the Title IX Coordinator determines that dismissal is warranted, the Coordinator will promptly send notice of the dismissal simultaneously to the Complainant and Respondent and advise each of the reason(s) for the dismissal and their right to appeal the decision. Such a dismissal will not preclude action under another provision of the University's Code of Conduct.
- C. If the report alleges sexual harassment or discrimination, the Title IX Coordinator will:

 1. To appeal a removal decision, a Respondent must follow the steps outlined below:
 - a. Must contact the Title IX Coordinator within 48 hours regarding the intent to appeal the emergency removal decision.
 - b. The Respondent may appeal no later than 5 days after the emergency removal decision.

- c. The Respondent shall provide a written request to vacate the emergency removal decision to the assigned Appellate Officer within 5 days of the removal decision.

- 2. Appellate process applies to students and employees alike and nothing shall prohibit the University from placing a non-student employee Respondent on administrative leave during the pendency of the University's grievance process.
- 3. The University's Appellate process may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 of the Americans with Disabilities Act.
- E. As soon as possible, but not later than 7 days of receiving a signed Formal Complaint of sexual harassment or discrimination, the Title IX Coordinator will send written notice to the Complainant and Respondent of the allegations and a copy of this Grievance Process.
 - The notice will provide all of the following:
 - 1. The identity of the parties involved in the incident(s), if known; and
 - 2. The specific section of the Policy that has allegedly been violated; and
 - 3. The alleged conduct potentially constituting sexual harassment or discrimination; and

- F. To the extent reasonably possible, the University will keep private the identity of any individual who has made a report of sex discrimination, including any individual who has made a report or filed a Formal Complaint of sexual harassment or discrimination, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness in a Title IX grievance process except as permitted by FERPA, required by law, or as necessary to conduct the hearing or proceeding.

The Grievance Process – The Investigation

- A. In accordance with Title IX Law, the investigation must adhere to the following timeline.
 - 1. The University is responsible for gathering the relevant evidence sufficient to prove responsibility by a preponderance of the evidence and will complete the investigation within 45 days of the filing of a Formal Complaint.
 - 2. The time for the completion of the investigation may be extended in 5-day intervals with written notice to the parties explaining the reason for the extension.
 - 3. Any grant or denial of a request for extension or delay will be documented in the Determination Regarding Responsibility.
- B. At any time prior to reaching a Determination of Responsibility, the Complainant and an eligible Respondent may agree to participate in informal resolution. This Grievance Process will be suspended once the informal resolution process begins but will resume if either party withdraws from the informal process.
- C. Prior to the start of the investigation, The Title IX Coordinator will notify the Complainant and Respondent:
 - 1. To provide the names and contact information of the individuals involved in investigating their case.
 - 2. To inquire about the need for language interpreters or disability accommodations.
- D. The investigator will provide the parties with written notice of:
 - 1. The date, time, location, participants, and the purpose of any hearing, investigative interview, or other meeting with the Complainant or Respondent at least 5 days in advance to allow each time to prepare.

2. Each party's right to be allowed to have an advisor of their choice present during the interview but inform each party that advisors are not allowed to participate in the interviews or meetings.
- E. Neither the Complainant nor the Respondent is restricted from discussing the allegations under investigation or from gathering or presenting relevant evidence. Both parties are encouraged to present to the investigator, witnesses and other inculpatory or exculpatory evidence to prove or disprove responsibility.
- F. Each party may submit relevant questions to be asked of the other party or any witness at the investigative interview.
 1. The questions must be submitted in writing to the investigator no later than 48 hours prior to the interview.
 2. Decisions to exclude questions as not relevant will be explained in the investigative report.
 3. The University investigators may not access, consider, disclose or otherwise use medical, or mental health treatment records of a party without the party's written consent.

- I. If a party wishes to submit a written response to the investigative report, it must be submitted to the Title IX Coordinator and Lead Investigator no later than 48 hours prior to the scheduled start of the hearing.

The Grievance Process – The Hearing

The purpose of the formal hearing is to make a determination of responsibility in a fair and equitable way. The University shall require an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence, and provide that credibility determination may not be based on a person's status as a Complainant, Respondent, or witness.

- A. The Title IX Coordinator will schedule a date for the live Hearing to take place on Zoom as soon as practicable after the completion of the investigative report.
 1. The scheduling needs of off parties will be taken into consideration to the extent possible.
 2. The Title IX Coordinator will send notice of the time and date to the parties, their advisors, the Adjudicator and the witnesses.
 3. Once the Hearing has commenced, the additional days and times needed to present all the evidence and expeditiously conclude the hearing will be scheduled by the Adjudicator in consultation with the Title IX Coordinator.
- B. Twenty-four (24) hours before the Hearing, parties must submit the following information to the Title IX Coordinator, who will send the information to the Adjudicator: Both parties must:
 1. Identify their intent to bring an advisor to the hearing.
 2. Submit the questions to be asked on cross-examination of the other party or any witness(es) to provide the Adjudicator with the opportunity to review the questions for relevancy.
- C. Cross examination of parties and witnesses will be conducted directly, orally and in real time by the party's advisor of choice and never by a party personally.
 1. The Adjudicator is prohibited from disclosing a party's questions to the other party or their advisor or any witness.
 2. Only relevant cross examination and other questions may be asked.
 3. After a question is asked, and before the Complainant, Respondent or a witness answers, the Adjudicator will determine if the question is relevant and explain a decision to exclude a question as not relevant.
 4. If a party does not have an advisor at the hearing, the University will choose an advisor to conduct cross-examination on behalf of that party.
 5. The advisor is permitted to ask the other party or witnesses relevant questions and follow-up questions including those that challenge credibility.

- D. An advisor who repeatedly violates guidelines for civility and decorum, or who disregards the directives of the Adjudicator, may be removed by the Adjudicator and replaced by an advisor of the University's choice.
- E. No party is required to participate in the grievance process, including being cross-examined at a live hearing. In the event that a party chooses not to attend, that party's advisor may appear and conduct cross-examination.
- F. If deemed reliable and relevant by the decision-maker, and not otherwise subject to exclusion under this Policy, the decision-maker may consider the statements of persons who were not present at the hearing, or persons who were present at the hearing but who nevertheless were not subject to cross-examination. This includes, but is not limited to:
 - 1. Opinions and statements in police reports or other official reports
 - 2. Medical records

Questions and other forms of evidence that are not relevant are not admissible to prove responsibility and include, but not by way of limitation, the following:
 - 1. Evidence about the Complainant's sexual predisposition or prior sexual behavior are "irrelevant," unless (a) such questions and evidence are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or (b) the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.
 - 2. Evidence that constitutes, or seeks disclosure of, information protected under a legally recognized privilege, unless the privilege is waived by the party.
 - 3. Evidence of any party's medical, psychological, and similar records unless the party has given voluntary, written consent.
 - 4. Questions that are duplicative or repetitive.
 - 5. Conversations or statements made during informal resolution.
- H. At the conclusion of the hearing, The Title IX Coordinator will send a copy of the written determination of responsibility electronically to the parties' Ben.edu email accounts. The Adjudicator will issue a written determination regarding responsibility which will include all of the following:

The Grievance Process – Informal Resolution Process

The Informal Resolution Process is an alternative approach to the Formal Complaint Process whereas both parties, the Complainant and Respondent, voluntarily agree to resolve the matter without the use of the Grievance Process, when the Respondent accepts responsibility for violating Policy, or when the Title IX Coordinator can resolve the matter informally by providing remedies to resolve the situation.

- A. The Complainant or Respondent may request the use of Informal Resolution Process at any time after a Formal Complaint is filed and before a Determination of Responsibility is made.

Gender-Based Violence Prevention Programs and State Definitions

Benedictine University Mesa values every member of our community. As such, the University prohibits acts of gender-based violence (sexual assault, domestic violence, dating violence, and stalking) against any student, faculty, staff, or visitor. Reports received of these crimes will be investigated by the Title IX office in accordance with the University Title IX Policy. To view the full policy, visit <https://ben.edu/wp-content/uploads/2025/09/2025-Title-IX-Policy.pdf>. It is also the University's policy to comply with all applicable federal and state laws for reporting and publishing statistics on the occurrence of sexual assault, domestic violence, dating violence, and stalking in our annual security report located <https://ben.edu/mesa/campus-safety/>.

The Benedictine University [PEACE TEAM](#) (Promoting Empowerment and Community Engagement) is a team of faculty, staff, and students from across the university that continue to invest their time in preventing sexual assault, domestic violence, dating violence, and stalking. The team works together to implement policies and programs in the areas of comprehensive violence prevention, conduct and response to incidents of violence, law enforcement, and coordinating victims' services with the assistance of community partners. We continue to add new community partners to offer options for our faculty, staff, and students to receive the best information and services available.

To prevent future crimes of gender-based violence (sexual assault, domestic violence, dating violence, and stalking), the University provides annual training and prevention programming to students, faculty, and staff.

When providing training and programming, the University considers the unique needs of our campus culture and provides programs that are:

- Culturally appropriate and inclusive of our diverse communities and identities;
- Sustainable, so programs can be provided annually to ensure the University's commitment to violence prevention;

- Responsive to the needs of our community to educate on local services; and
- Informed by research and evaluated for effectiveness.

The training and programming initiatives are available to all students, faculty, and staff. Programs conducted during the 2024 calendar year can be found at:

<S:\Projects\DAAPP-CPAPSEP Presentation Logs\CPAPSEP\2024 CPAPSEP Log\2024 CPAPSEP Presentations Mesa.xlsx>

We also consider the risks that may be inherent in our community on and off campus as well as protective factors that come from the safe and supportive environment that we strive to provide.

The institution will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the institution's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measures. Such decisions will be made by the institution in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measures is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the institution will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

All our programs include common themes. One important theme that guides our programming is the University's stance that violence will not be tolerated in our campus community. Some of the other topics that are covered in programming include:

- Definitions of sexual assault, domestic violence, dating violence, and stalking on the federal level which are used in university investigations;
- Definitions of these crimes in Illinois, which are used when they are reported to the University Police or local law enforcement. These definitions are particularly helpful if the victim chooses to pursue the criminal justice process against the accused;
- Discuss safe and reasonable options for bystander intervention. We believe that in order to prevent violence, it is everyone's responsibility to step up and work to ensure a safe community;
- Share information on risk reduction to decrease perpetration on our campus, reduce barriers for getting involved as a bystander, and empower individuals to know their options in situations that may feel unsafe; and
- Give information about the institution's disciplinary process, which can be found in our Title IX Policy found at <https://ben.edu/wp-content/uploads/2025/09/2025-Title-IX-Policy.pdf>.

Hate Crime Policy

A hate crime is classified by law as a felony offense and is in direct violation of the University's non-discriminatory policies. Therefore, the University, in addition to processing hate crimes in accordance with the law, may simultaneously proceed with internal investigatory and disciplinary processes as defined by the Student Handbook. A person commits (a) hate crime(s) when by reason of the actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability or natural origin of another individual or group of individuals, he commits assault, battery, aggravated assault, misdemeanor or criminal damage to property, criminal trespass to property, mob action or disorderly conduct, and/or harassment by telephone.

A person who has been a victim of a hate crime may report the crime to 9-1-1, Campus Safety at (602) 888-5516, a residence hall staff member, the Director, Student Life and Athletics, or an outside community agency. Those who report a hate crime will be advised of the importance of preserving evidence, which may be necessary to provide proof for prosecution. Hate crimes will be reported to the Director, Student Life and Athletics. The University will provide support services for anyone who has been a victim of hate crimes. Staff will serve in an advocacy role and help refer individuals for appropriate medical, police, and counseling assistance.

Authority and Jurisdiction of Campus Safety

Campus Safety consists of security professionals, with no police powers, who maintain a close working relationship with the City of Mesa Police Department. Meetings are held between the leaders of both departments on both a formal and informal basis. The Campus Safety officers communicate regularly on incidents that occur in and around the campus area. Campus Safety officers work closely with the investigative staff of the City of Mesa Police Department when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as deemed necessary. There is no written Memorandum of Understanding between Campus Safety and City of Mesa Police Department.

As of the date of this Report, Campus Safety is covered by a third-party vendor, Capital Guard, and provides one Campus Safety officer during operating hours, who is unarmed and nonsworn with no official powers of arrest authority.

The University utilizes a Campus Safety department, which is augmented by area law enforcement agencies, emergency fire and medical services and emergency disaster and recovery organizations. Campus Safety on the main campus in Lisle, Illinois collects crime reports from local law enforcement agencies for Clery Act statistical reporting for all properties owned, controlled and/or adjacent to the University.

"Active Threat" training is conducted on campus with students, faculty and staff participating in the Run Hide Fight program. Mesa Campus Safety website provides information on services, registered sex offenders, anonymous reporting, residence hall safety, and Clery Act crime statistics.

Campus Safety officers enforce the University's Student Code of Conduct and provide referrals for reports of off-campus crime. The Campus Safety office is located on the main floor of the Gillette Hall of the Mesa campus.

Campus Safety staff are available on the following days and times:

- Monday and Tuesday - 7:00 a.m. – 9:30 p.m.
- Wednesday and Thursday - 7:00 a.m. – 6:00 p.m.
- Friday - 7:00 a.m. – 5:00 p.m.
- Saturday - 9:00 a.m. – 1:00 p.m. during the academic school year (mid-August – mid-May)
- During the summer (mid-May – mid-August) – Monday – Thursday - 7:00 a.m. to 5:00 p.m.

Campus Safety can be contacted at 602-888-5516. For emergencies, call 9-1-1 Mesa Police Department and Campus Safety at 602-888-5516.

Criminal Charges

Criminal charges filed by the Mesa Police are heard at the Maricopa County Superior Court for Maricopa County, located in Mesa, Arizona. Failure to appear on designated court dates may result in the Court issuing a warrant for Criminal Failure to Appear and/or the revocation of bond.

Employee and Student Codes of Conduct

Violations of an Arizona state statute, Mesa city ordinance, or University policy also may be a violation of the Student Statement of Responsibilities found in the Benedictine University Student Handbook. Campus Safety may refer violators to the Director, Student Life and Athletics for student disciplinary proceedings, in addition to, or in lieu of, criminal charges. If referred to for disciplinary proceedings, the violator must comply with notices to appear to the Director, Student Life and Athletics or his designated representative. Failure to comply with notices to appear will result in sanctions and/or the pursuit of criminal charges.

For information on employees' Workplace Conduct, please refer to Section 5 – General Standard of Conduct – in the Staff Handbook located on the Share Drive at [S:\University Info\General Information\Human Resources\Staff Handbook](#).

Violation of Law and University Discipline

Campus Safety seeks to maintain a safe and secure campus environment. Campus Safety in conjunction with the Mesa Police Department has authority to enforce state and local criminal and traffic laws, as well as University policies.

At the discretion of Campus Safety, based on the seriousness of the offense, violations of the law may result in custodial arrest and criminal charges brought against any student, faculty, staff, guest or visitor. The Mesa Police Department also has jurisdiction to make arrests on campus, should the Mesa Police become aware of a criminal offense.

Campus Safety may also issue administrative citations for violations of Arizona law or for violations of the Student Code of Conduct including but not limited to those violations involving the use or possession of drugs and alcohol. The same violations may be brought to the attention of the Director, Student Life and Athletics. Faculty and staff conduct violations are brought to the attention of Human Resources, and to the appropriate senior administrator.

Student Conduct Process

Failure to abide by your responsibilities and any University policies and procedures will be resolved through the Student Conduct Process. Many times, misconduct can be resolved informally, but situations may require a more formal procedure. The procedure is grounded in the concept of fairness and impartiality, thereby supporting the values of our community by addressing misconduct in a constructive and positive way. If University action is warranted, a student will receive a phone call and/or email to their student email account notifying them that a conversation is required.

As defined in 34 CFR 668.46 (j)(2):

Proceeding: The term proceeding is defined as all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

Result: The term result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act ([20 U.S.C. 1232g](#)), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.

The Office of Student Affairs will consider the following options:

Mediation - Incidents may be resolved through mediation – a voluntary, private, and informal process.

Hearings - Two kinds of hearings are possible: an administrative hearing (appointed University officials) and panel hearing (representatives of the student body, faculty, and administration act as panel hearing members). The purpose of the hearings is to come to an understanding of the misconduct by the student(s), determine responsibility and remedies. Hearings can be used to resolve minor disciplinary matters or more serious matters (not limited to theft, dangerous weapon possession, misuse of fire protection equipment, sexual assault, illicit use of drugs and repetitious misconduct) that may result in a student being suspended or dismissed from the University or residence hall. Hearings may be conducted by a designated hearing officer or board depending on the incident as determined by the Office of Student Life.

Hearing Process - Students are expected to obtain further details if they attend a hearing. The hearings will follow appropriate procedures to ensure a fair process, and parties will have the opportunity to present any facts to substantiate the claim, including witnesses.

Hearings will proceed in the absence of a respondent who was given proper notice, who does not request a postponement and who does not attend the hearing. No parent, guardian, legal counsel, or person outside of the University community is allowed to appear at the hearing, except if criminal proceedings are occurring simultaneously.

To ensure a fair process, parties may request that community members assist and participate in the investigation and hearing process. Students, faculty, or staff who agree to assist and/or attend the hearing with the party but do not speak at the hearing shall provide such assistance. In the event a party is unable to locate someone to act in this capacity, they may request assistance from the Office of Student Life. The administrator or Hearing Panel will be responsible for assigning a remedy in the event it finds that a violation of the Statement of Responsibilities or University policy has taken place. Consideration of a student's entire disciplinary record at the University will be considered when designing an appropriate sanction.

Appeal Process - A student may appeal a decision made by a hearing concerning the finding of a violation or the remedy imposed within five (5) days of notification of a decision. To do so, the student must deliver a written explanation on the grounds upon which the appeal is made to the Office of Student Life. The burden of demonstrating an inequity in the hearing or remedy shall lie with the student. The responsibility of making a final decision will rest with the Office of Student Life.

Sanctions

The following sanctions may be imposed upon any student found to have violated the standards as defined in the Benedictine University Mesa 2025-2026 Student Handbook. This does not and cannot include all the information that may lead to sanctions. Sanctions are defined and imposed as follows:

A. Warning: A written statement to the student indicating disapproval of their conduct or violation of regulations and stipulating that continuation or repetition of such action may be cause for more severe action.

B. Restitution: Reimbursement for damage to or mishap of property. Restitution may take the form of monetary compensation or the appropriate service to repair and damage and may be combined with another type of sanction.

C. Monetary Fine: Financial assessment imposed according to specific sums stipulated in published rules and regulations, or when no sum is so stipulated, according to the merits of the case and established precedents. Students may opt to take an online alcohol and drug awareness course (first offense only) to have their fine removed from their account.

D. Disciplinary Probation: The student is informed in writing that any subsequent misconduct or violation of institutional regulations during a specified period will be evaluated within the context of their probationary status and may result in suspension or expulsion. The terms of probation apply during the period of probation and may include any of the following:

1. May not become an officer or student representative in any University organization or committee;
2. May not represent the University at any public function, including intercollegiate or cocurricular activities; or
3. May not be eligible for scholastic honors or distinctions.

E. Counseling or Psychological Treatment Mandate: If deemed necessary due to physical or psychological problems, a student can be required to provide a release of information form to verify psychological/substance abuse/evaluation and may have further treatment mandated as a condition of enrollment.

F. Residency Probation: The student is informed in writing that their general behavior in the residence hall indicates that they are not able to appropriately adjust to group living, and that any subsequent misconduct or violation of institutional regulations may result in the termination of their residence hall contract. In such cases, room and board charges will not be prorated or refunded.

G. Community Service: The student will be assigned a task to complete that will, on many occasions, relate to the inappropriate behavior. A time frame will be set up for the completion of this task and the student will be assigned a supervisor to whom to report.

H. Behavioral Contract: A contract between the student and the University that limits student activities and spells out specific consequences for violation of the contract may be issued.

I. Special Projects: An assignment relating to the offense may be issued as a possible sanction.

J. Suspension: The student is informed in writing they must leave the University community temporarily. Suspension shall be interpreted to include any or all of the following stipulations: the student may not attend classes, contact faculty, reside on campus, or visit residence halls, cohort locations, and participate in campus activities or exercise student privileges. Suspension may be specified as follows:

- 1. Terms:** suspension may be stipulated for a specified period. After the suspension period, the student is automatically eligible for readmission.
- 2. Conditional:** suspension may be stipulated for an indefinite period of time premised on the student's accomplishment of certain specified conditions.
- 3. Interim:** The University reserves the right to suspend a student on an interim basis when circumstances and facts indicate the student's continued presence on the campus constitutes an unreasonable danger to institutional property, the student, or others. Interim suspension may be interpreted to permit all of the stipulations stated above or may permit students to continue attending classes while they are suspended from representing the University in extracurricular activities, including intercollegiate athletics.

K. Expulsion: The student is informed in writing that they are permanently separated from the University.

Non-Sanction Resolutions

Interim Intervention: The University reserves the right to suspend a student on an interim basis when circumstances and facts indicate that the student's continued presence on the campus constitutes an unreasonable danger of harm or injury to institutional property, the student involved or others. Students may also be suspended on an interim basis while undergoing resolution by university or civil authorities.

Involuntary Withdrawal: A student may be subject to involuntary withdrawal from the University or from the residence halls if it is determined that the student is suffering from a mental illness and/or engages (or threatens to engage) in behavior which poses a danger of causing physical harm to self or others; engages in behavior which would cause property damage; impedes the lawful activities of others; or disrupts the community.

Student Off-Campus Criminal Conduct

A student attending a university-sponsored function off campus is subject to the same standards of conduct as those expected on campus. Because the University is located within the Mesa downtown community, any University student who has violated criminal laws also may be subject to university judicial proceedings. Violations of local, state, or federal laws on campus may also result in the filing of criminal charges.

Hazing Policy and Reporting

The University prohibits hazing of any kind on or off university property. Any student or group that commits hazing will be subject to university disciplinary action, criminal prosecution, and/or civil prosecution. Visit our website at <https://ben.edu/hazing-prevention-and-resources/>.

State of Arizona

Hazing – “Jack’s Law” - A person commits hazing by intentionally, knowingly or recklessly, for the purpose of pre-initiation activities, pledging, initiating, hold office, admitting or affiliating a minor or student into or with an organization or for the purpose of continuing, reinstating or enhancing a minor’s or student’s membership or status in an organization, causes, coerces or forces a minor or student to engage in or endure any of the following:

1. Sexual humiliation or brutality, including forced nudity or an act of sexual penetration, or both.
2. Conduct or conditions, including physical or psychological tactics, that are reasonably calculated to cause severe mental distress to the minor or student, including activities that are reasonably calculated to cause the minor or student to harm themselves or others.
3. The consumption of any food, nonalcoholic liquid, alcoholic liquid, drug or other substance that poses a substantial risk of death, physical injury or emotional harm.
4. An act of restraint, confinement a small space or significant sleep deprivation.
5. Conduct or conditions that violate a federal or state criminal law and that pose a substantial risk of death or physical injury.
6. Physical brutality or any other conduct or conditions that pose a substantial risk of death or physical injury, including whipping, beating, paddling, branding, electric shocking, placing harmful substances on the body, excessive exercise or calisthenics or unhealthy exposure to the elements.

13-1215 “Jack’s Law” Arizona Anti-Hazing Law

Hazing can happen within a student organization such as a sport or club. It might occur during initiation or pre-initiation but is not limited to these time frames. Permission or approval by a person being hazed is not a defense. Any individual who plans or intentionally assists in hazing activity has engaged in hazing, regardless of whether that individual is present when the hazing activity occurs.

If hazing has occurred, the individual involved, witnesses present, or third party can report the incident to a Campus Security Authority (CSA) by completing the [Hazing Reporting Form](#), contacting Mesa Campus Safety at 602-888-5516 or report to the local law enforcement.

If, during the investigation, it is found that the student organization violated the Hazing Policy, a [Campus Hazing Transparency Report](#) (the “Report”) is required which discloses specific information regarding the finding of hazing. The Report must include the following for each finding and will be published on the University’s website.

- Name of student organization
- General description of the violation
- Whether the hazing incident involved abuse or illegal use of alcohol or drugs
- Key dates
 - Incident
 - Start of investigation
 - End of investigation
 - Outcome of notification to student organization
- Findings (rationale) for determination
- Sanctions imposed

Some important information to note regarding the differences between the Annual Security Report crime statistics and the Campus Hazing Transparency Report.

- Annual Security Report
 - Limited to Clery geography
 - Statistics are for **reports** of hazing

- A student organization in which two or more of the members are students enrolled at the University, whether or not the organization is established or recognized by the University.
- Must include policy statements, programming information, and local, State, and Federal laws
- Published once a year (on or before October 1)
- Records maintained for seven (7) years.
- Campus Hazing Transparency Report
 - No geographic limits
 - Must include information pertaining to **findings** of hazing violations
 - Only applies to established or recognized student organizations
 - Must include policy statement regarding reporting and investigating allegations of hazing as well as local, State, and Federal laws **and** a notice of availability of hazing statistics and a link to the Annual Security Report
 - Updated twice a year (whether or not there was a hazing finding) on or before December 23 and June 23
 - Records maintained for five (5) years from the publication of each update

Hazing Prevention and Awareness

Through StopHazing.org, Hazing Prevention Consortium and the Clery Center, toolkits and guides are available to assist in creating and presenting research and evidence-based instructional strategies in the areas of bystander intervention, ethical leadership and building group cohesion. We will utilize a public health approach and build upon strategies which will create a framework to assist in effective responses to hazing incidents.

The University is committed to the safety of our students and campus community. In-person and virtual training will be offered to our students, faculty, and staff. Both will cover topics such as the Hazing Prevention Framework (StopHazing.org, Allan et al., 2018) which illustrates the interconnectedness of eight components which make up the structure. Those components are commitment, capacity, assessment, planning, evaluation, cultural competence, sustainability, and implementation. In addition, training will include being an empowered bystander and understanding hazing behaviors as seen in the Spectrum of Hazing continuum. This shows the relationship between the frequency of behaviors and the degree to which they are recognized as unacceptable. Applicable Federal and State laws will be covered and how and to whom to report incidents of hazing.

Preponderance of the Evidence

This standard of evidence means that a hearing must determine whether a complaint of sex discrimination is “more likely than not” to have occurred or 51% likely to have occurred. This standard applies for all complaints of sex discrimination, including sexual harassment and violence, because Title IX outlines standards for school disciplinary processes – not criminal complaints, which require the highest standard of evidence, “beyond a reasonable doubt.”

Annual Fire Safety Report

Fire Log:

- A fire log is maintained for public view with the Director, Student Life and Athletics, located on the main floor of Gillett Hall (Room 132); or
- A request can be made by calling the Director, Student Life and Athletics, 602-888-5507; or
- A written request can be sent to the Director, Student Life and Athletics, Benedictine University Mesa, 225 E. Main Street, Mesa, AZ 85201.

Emergency Preparedness Overview

Campus Emergency Response Team (CERT) is responsible for numerous campus safety and violence prevention programming, to include the development and maintenance of the Emergency Procedures, the Emergency Operation and Business Continuity Plan, Campus Violence and Prevention Plan, mass emergency communication initiatives, and community training and awareness. CERT is charged with developing and updating plans to prepare the University community for the event of an emergency or disaster. Through consistent promotion, educational training, and awareness campaigns, CERT hopes to save lives, reduce injuries, minimize property damage, ensure and facilitate the restoration of essential operational and priority services. The keys to an effective Emergency Operations Plan are to communicate in a timely manner when an emergency or disaster is identified, and to train as many community members as feasible in the procedures for emergencies and disasters, and recovery.

The Emergency Procedures is presented in an easy-to-read single page document. Each box on the document identifies what to do in the event of a Medical Emergency, Fire, Severe Weather; Utility Failure; Hazardous Material Accidents; Suspicious Person, Suspicious Package, Sexual Misconduct and Active Shooter.

The Benedictine Emergency Procedures can be located at <https://ben.edu/wp-content/uploads/2025/06/EMERGENCY-PLAN-MESA-WEBSITE-EDITION.pdf>

Emergency Warning

The safety of all faculty, staff, students, and visitors to our campus is important to the University. The University has developed a process to notify the campus community in cases of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following incidents are examples which would warrant an immediate emergency notification after confirmation. These incidents include but are not limited to: active shooter; fire; structural damage; communicable disease outbreak; and significant flooding.

Any emergencies occurring on or within any of the University's Clery geography (see Geography Definitions) should be reported to Campus Safety by calling (602) 888-5516 or by calling 911 for outside emergency responders.

The emergency notification warning capability is designed to assist the University in immediately notifying the campus community upon confirmation of a significant emergency or dangerous situation occurring on or near the campus that involves an immediate threat to the health or safety of faculty, staff, students, or visitors. A threat is imminent when the need for action is instant, overwhelming, and leaves no moment for deliberation.

The University will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system to the appropriate segment or segments of the campus community, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Immediate notification to the campus can be accomplished through a variety of communications methods. Notifications will be made by using some or all the following multi-modal notification methods depending on the type of emergency:

- Fire alarms in the building are automatically activated in the event of a fire or can be manually activated by a pull station.
- BenAlert emergency notifications. These are a series of pre-scripted messages sent out via phone call, text message and email that provide instruction on what to do during a particular emergency. <https://ben.edu/wp-content/uploads/Manage-BenAlert-Contacts.pdf>
- Benedictine University website notice <https://ben.edu/emergency-preparedness/> with emergency details posted.
- Broadcast e-mail with the "Importance: High" option (message will appear with a red exclamation point in each user's inbox) and emergency details to #All Mesa Campus Adjunct Faculty; #All Mesa Campus Faculty; #All Mesa Campus Staff; #All Mesa Campus Student.
- Each University office is responsible for creating and maintaining a notification process to ensure effective communication of emergency details.
- The Campus Manager/Director of Marketing or designee will post updates to Facebook, X, and Instagram as well as post BenAlert emergency notifications to the University website.
- Maricopa County Community Emergency Notification System (CENS) may provide telephone notification. For more information on how this system works, visit <https://www.maricopa.gov/1755/Community-Emergency-Notification-System->

These may be updated hourly or daily as needed and as details develop. Details may include general information; warnings or notices to have awareness of particular items; the status of classes, activities, and/or the campus or specific buildings; and for health-related incidents, information about relevant signs and symptoms of a health condition, protection and prevention measures, suspected or confirmed cases, isolation or quarantine, areas, and other pertinent items.

When on-duty officers become aware of a situation that may warrant the issuing of an immediate notification, the on-duty officer confirms (through response, investigation, or collaboration with first responders) that there is a significant emergency and then immediately contacts the Director, Student Life and Athletics, who quickly evaluates the situation to determine if an alert is warranted, develops the content of the notification message, and then identifies the appropriate segment or segments of the campus community who will receive the notification. In some cases when there is no

imminent threat, a conference call with CERT to discuss issuing the emergency notification will happen. An example of getting CERT together would be a flood warning where the campus may need to close or have a delayed opening.

Campus Safety has the ability and authority to issue an alert without delay and without further consultation for an active shooter incident. A pre-scripted message has been developed to aid rapid communication which can be sent via BenAlert when immediate danger or threat to the campus community exists and the need to advise the campus community members to act.

Follow-up communications will be provided when a threat is neutralized or effectively removed. Additionally, updates regarding a prolonged and ongoing emergency such as a health emergency (communicable disease outbreak) can be provided by creating a banner at the top of the University's webpage that would contain specific status update information along with links to federal, state and local health departments or other relevant entities.

If there is an immediate threat to the health or safety of faculty, staff, students, or visitors occurring on campus, the University must follow its emergency notification procedures. The University that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the University must provide adequate follow-up information to the community as needed.

The BenAlert system will be tested at least each academic semester to ensure that all systems are working properly and that all have a working knowledge of the system. These tests will also be educational moments for the campus community to remind them that this system does exist, and that it is a working and functioning system upon which they can rely. In conjunction with at least one of the annual test notifications, information is shared with the campus community on what to expect when the notification is sent.

Faculty, staff, and students are automatically enrolled in the BenAlert system (opt-out) when they are hired or are enrolled for classes. The BenAlert system will send out a call, text and email to all available data in the University's PeopleSoft system. Faculty, staff, and students can go into PeopleSoft via MyBenU to update their phone numbers and email addresses.

Timely Warning Notice

A Timely Warning Notice (TWN) is sent when a crime that poses a serious or continuing threat to members of the University community occurs within the Benedictine University Mesa Clery Geography (on campus, in the residence halls, public property near campus, non-campus property) and is reported to the University Police or other local law enforcement agencies. The University will immediately consider the safety of the community, determine the content of the notification, and initiate the notification system. TWN is sent primarily by blast email to all students and employees on campus. TWNs can also be sent/communicated via BenAlert and a variety of other notification methods, as outlined in the Emergency Warning section of this report. The Director, Campus Safety distributes TWNs to the University community.

In general, Campus Safety will issue TWN for the following circumstances:

1. It is a Clery-reportable crime or Campus Safety determines that a TWN is otherwise appropriate;
2. The crime was reported to Campus Safety either directly or through local law enforcement; and
3. There is a serious or continuing threat to the University community.

Decisions about whether to issue a TWN, the information to include, and the form in which it will be issued, will be made on a case-by-case basis by Campus Safety, considering the relevant circumstances. In addition to issuing TWNs for campus crimes, Campus Safety will provide prevention strategies to inform the campus community of actions to take, to ensure a safe environment.

Below is a table identifying the difference between an Emergency Notification and a Timely Warning Notice and when it is necessary to send out messages.

	Timely Warning Notice (TWN)	Emergency Notification (EN)
Legal Standard	Potential ongoing or serious threat	Immediate threat to health and safety
Circumstances	Clery-reportable crimes that have been reported (occurred in past)	Clery-reportable crimes as well as other types of emergencies (happening right now or about to happen)
Audience	Community-wide	Can send to a segment of the community, if appropriate
When Issued	As soon as pertinent information is available	Upon confirmation of emergency (when possible)
Follow-up	Not Required	Required

Public Safety Notices

A Public Safety Notice (PSN) may be sent to the University community for general crime prevention purposes, to inform the community of crimes and/or incidents that are not generally time sensitive or considered to be a continuing threat, but important to be aware of, and/or to inform the University of incidents occurring on, around, or even off campus that do not meet the requirements or specifications for distribution of a TWN, as outlined above.

A PSN may be sent via blast email to all students and employees on campus. A PSN is written and distributed to the University community by Campus Safety or designee, and the message is reviewed and approved by the Director, Student Life and Athletics.

Updates to the University community about any case resulting in a PSN, when deemed necessary, may be distributed via blast email, or posted on the University's website.

Access to and Security of Campus Facilities

Academic and Administrative Buildings:

The Mesa campus is open to the public when academic classes are in session. After hours, buildings are secured and only individuals with authorized access permission can enter or remain in the buildings. During holiday breaks all buildings are locked and if a staff member needs access to a building to get to their office they are instructed to pre-arrange the time with the Facilities Manager who will allow entry into the building.

Residence Hall:

Access to Alhambra is restricted to residents, their approved guests, and other approved members of the University community. Residents gain entry by swiping their student ID card at the card access readers and provide a safe and secure lodging environment with visitation restrictions. Residents are cautioned against permitting strangers to enter the buildings. Residence assistants (RA) staff enforce campus policies and security measures within the residence halls and apartments to achieve a community respectful of individual and group rights and responsibilities. The campus is well lit and inspected daily by the Facilities Manager to ensure buildings and grounds are safely maintained.

Visitors must be chaperoned at all times by a resident student while in the residence hall. Security measures shall include, but are not limited to, access control measures, and security cameras at the entrance.

Maintenance of Campus Facilities

The Mesa campus facilities are maintained in a manner that minimizes hazardous conditions. Campus Safety regularly patrols campus and reports malfunctioned lights and other unsafe physical conditions to Facilities Management for correction. Campus community members can additionally report hazards directly to Facilities Management. All systems are controlled and audited by Facilities Management and Campus Safety.

The campus' overall safety and security is supplemented by a variety of technological systems including:

- A campus-wide master key system for all lockable doors;
- Exterior building and parking lot lighting;
- A CCTV system in various campus buildings;
- Residence hall card access control;
- Fire alarm system;
- Intrusion detection;
- Written building access and room opening protocol; and
- Photo ID cards for faculty, staff, students, contractors and visitors.

A map of the campus is available on the University's website at:

<https://ben.edu/wp-content/uploads/BenedictineMesaMap.pdf>

Unlawful Entry and Trespassing

Individuals making or attempting to make unauthorized entry into property owned or controlled by the University or University events are subject to arrest. "No trespassing – official business only" signs are posted at the entrance to the campus and Campus Safety and/or Residence Life staff may issue "no trespass" notices verbally or in writing, delivered in-person or via postal mail. The following is prohibited:

- Unauthorized possession or use of campus keys, access cards or identification cards.
- Violation of published University regulations including those relating to entry and use of University facilities, and any other regulations, which may from time to time be enacted.
- Violation of rules applicable to residence halls.
- Violation of local, state, or federal laws pertaining to unlawful entry and trespassing.

Rules and Policies Regarding Possession, Use, and Sale of Alcohol

The University seeks to encourage and sustain an academic environment that respects individual freedom and promotes the health, safety, and welfare of all members of its community. In keeping with these objectives, the University has established the following policy governing the possession, sale, and consumption of alcohol beverages by members of the University community, which conform to the laws of the State of Arizona. The University's alcohol policy and programs are intended to encourage its members to make responsible decisions about the use of alcoholic beverages, and promote safe, legal, and healthy patterns of social interaction. The University prohibits the following on property owned or controlled by the University or as part of any on-campus or off-campus University activity:

- Possession and/or consumption of alcoholic beverages by persons less than 21 years of age;
- Selling, distributing, or otherwise providing alcoholic beverages to and/or by anyone less than 21 years of age;
- Driving under the influence of alcohol;
- Consumption of alcoholic beverages by persons 21 years of age or older in any public area or outside of designated areas at authorized University events;
- Public intoxication of any person, regardless of age;
- Possession of containers that previously contained alcoholic beverages; and
- Possession of common source containers, of alcohol, whether full or empty, such as kegs, beer balls, or boxed wine.

Alcohol education programs are conducted routinely at the University. Students having trouble with alcohol or drug use are encouraged to talk with a staff member in the Office of Student Life, or other members of the University staff. External resources are also available.

Drug and Alcohol Abuse Prevention Program (DAAPP)

It is the policy of Benedictine University Mesa that the unlawful manufacture, distribution, dispensing, possession, or use of illicit drugs and alcohol is prohibited by students and employees on university property, as part of its activities or in facilities controlled by the University. The University has a vital interest in maintaining a safe and healthy learning environment for the benefit of all students, employees, and guests. This information is in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 and at a minimum is required to be distributed annually in writing to each employee and student. An e-mail notification is sent semiannually by Campus Safety or the Emergency Preparedness Manager via the Annual Security and Annual Fire Safety Reports notification email sent to all current students and employees providing the web page to access this program. The University provides information for students and employees regarding illicit drug and alcohol abuse, including standards of conduct, health risks, state and federal penalties, and available drug or alcohol counseling and rehabilitation services.

This information can be found at: <https://ben.edu/wp-content/uploads/2025/05/Drug-and-Alcohol-Abuse-Prevention-Program.pdf>. Printed copies of this information are available for public view with the Director, Student Life and Athletics, located at 225 E. Main Street, Mesa, AZ 85201 on the main floor of Gillett Hall (Room 132).

Biennial Review Report

To meet compliance with the DFSCA, Part 86, the 2024 Biennial Review Report provides an assessment of the drug and alcohol awareness and programming initiatives from the previous two academic years of 2022-2023 and 2023-2024. The objectives of the review as identified by the U.S. Department of Education include:

- Determining the effectiveness of and to implement any needed changes to alcohol and other drug programs; and
- Ensuring that the disciplinary sanctions for violating standards of conduct are enforced consistently.

Hard copy distributions of the Benedictine University Alcohol and Drug Policy and the Drug and Alcohol Abuse Prevention Program are available upon request. Biennial Review Reports are kept for three (3) years after the fiscal year in which the record was created. This information can be found at: <https://ben.edu/wp-content/uploads/2024/12/2024-Benedictine-University-Lisle-Mesa-AOD-Biennial-Review-Report.pdf>

Illegal Drugs and Drug Paraphernalia

The University prohibits the unlawful manufacture, distribution, dispensation, sale, possession, or use of any illicit drug by any of its students, employees in its workplace, on its premises, or as any part of its activities. Illicit Drugs are defined as drugs that are illegal to use, possess or produce; and the unlawful possession, use and sharing of prescription drugs as defined in Benedictine University's Drug and Alcohol Policy. Anyone violating the law may be turned over to civil authorities for prosecution and will be subject to all the University's disciplinary procedures.

Criminal penalties include fines, imprisonment and, in certain cases, the seizure and forfeiture of the violator's property. In addition, federal and other forms of financial aid may be forfeited.

Arizona law regarding cannabis changed in November 2020. Benedictine University policy continues to prohibit students, employees and members of the general public from possessing, using or distributing marijuana in any form (by inhalation, topically, or orally) on any of the University's campuses or facilities and during any University activities (on or off campus).

As a recipient of federal funding, such as financial aid and federal grants and contracts for research, the University is required to continue to prohibit the use, possession, and distribution of all federally controlled substances – including marijuana. Consequently, such activity remains prohibited by university policy.

Students who have been convicted under state or federal law involving the possession or sale of a controlled substance are ineligible for federal student aid for specific periods, ranging from one year to an indefinite period depending on the nature of the offense and whether the student is a repeat offender.

At the federal level, the Controlled Substances Act states that the growing and use of marijuana is a crime and federal enforcement agencies can prosecute users and growers of marijuana, regardless of state law. In addition to being a federal offense, the use of medical marijuana in the workplace and on campus is restricted by additional federal laws, such as the federal Drug Free Schools and Communities Act and the Drug-Free Workplace Act. Even in the absence of federal law, the possession, use and distribution of these substances would be inconsistent with Benedictine University's dedication to assuring the safety, security, and well-being of everyone in the University community.

Missing Student Notification Policy

This policy contains the official notification procedures for the University concerning missing students who reside in on-campus housing, in accordance with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092 (f)) (or the "Clery Act", which previously was known as the Crime Awareness and Campus Security Act of 1990). The purpose of this policy is to promote the safety and welfare of students who reside in on-campus housing. This policy is mandatory and must be adhered to by all University faculty, staff, and students.

1. In the event that a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she shall **immediately** call 9-1-1 or notify Campus Safety at **602-888-5516**. Campus Safety will collaborate with the Mesa Police Department to generate a missing person report and initiate an investigation. In addition, Campus Safety will report the missing person to appropriate Student Life staff on campus.
2. Any missing student report must be referred immediately to Campus Safety and to the local law enforcement agency that has jurisdiction in the area. The local law enforcement agency for Benedictine University Mesa is the Mesa Police Department. The Mesa Police Department is located at 130 N. Robson, Mesa, Arizona 85201 and can be reached at 480-644-2211.
3. In addition to registering emergency contacts, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the University in the event the student is determined to be missing for more than 24 hours. Students who wish to identify a confidential contact can do so by completing [the Missing Student Contact Information](#) form found on the Residence Life webpage under the Resources section.
4. The contact information will be confidential, accessible only by authorized Student Life staff and Campus Safety and may not be disclosed outside a missing person investigation.
5. If the missing student is under the age of 18 and is not an emancipated individual, staff will notify the student's parent or legal guardian **immediately** after Campus Safety determines that the student has been missing for more than 24 hours.
6. After investigating the missing person report, should Campus Safety determine that the student is missing and has been missing for more than 24 hours (regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor), Campus Safety or a representative from Student Life will notify the Mesa Police Department. In addition, the student's emergency contact will be notified no later than 24 hours after the student is determined to be missing, unless the Mesa Police Department was the entity that made the determination that the student was missing.
7. If a student has been determined to be missing for more than 24 hours, in addition to the above notifications, specific procedures to follow include:
 1. If the student has designated a confidential contact, notify that person within 24 hours that the student is determined to be missing.
 2. If the student is under 18 years of age and is not emancipated, notifying the student's custodial parent or guardian and any other designated contact person within 24 hours that the student is determined to be missing.
 3. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, informing the Mesa Police Department within 24 hours that the student is determined to be missing.

Crime Prevention, Fire Safety, and Safety Awareness Programming

The University offers many programs designed to inform students and employees about campus security procedures and practices and the prevention of crimes. A common theme of all awareness and crime prevention programs is to encourage students and employees to be responsible for their own safety and for the safety of others on campus. Various campus organizations and departments throughout the year sponsor crime prevention programs on personal safety and security. These programs include general crime prevention and security awareness programs, such as safety education programs and discussions about topics such as alcohol abuse, sexual assault awareness and prevention, relationship violence awareness and prevention, bystander intervention, fire safety emergency response and evacuation procedures, and theft prevention. Residence Life staff hold programs in residence halls to explain campus security and safety, campus policies, and expectations related to student conduct, behavior, fire safety measures, and procedures. During the new student orientation, crime prevention and security awareness procedures are discussed. New employee orientation includes the distribution of crime prevention and fire safety materials to all new employees during scheduled orientation sessions throughout the year. Crime Prevention and security awareness presentations are conducted when requested by various groups, including students and employees of the University.

Several crime preventions, fire safety, and safety awareness events occur each year. In the fall semester, fire evacuation drills are conducted in each academic, administrative, and resident hall building. These are live drills where students, faculty, staff, and visitors all evacuate the buildings tested to assemble and get further instruction from the Campus Safety. In addition, an active threat drill is conducted across the entire campus at the same time. Emergency team members walk through the building checking to see if all students, faculty, and staff are practicing the proper procedures, which are emailed prior to the drill. All students, faculty, staff, or visitors in open areas during the drill are gathered and get an explanation of what to expect and what they should do to protect themselves.

Additional safety awareness and crime prevention training/programming occurs throughout the year during October, January, and April specifically for Domestic Violence Awareness month (October), Stalking Awareness Month (January) and Sexual Assault Awareness Month (April).

Collection of Crime Statistics/Crime Log

The Director, Campus Safety and/or the Emergency Preparedness Manager is responsible for the gathering of crime statistics annually from the Lisle and Mesa campuses. In addition, the Director or Emergency Preparedness Manager is responsible for contacting the area municipalities where off-site class instruction takes place to retrieve any crime information, which would be part of our Annual Security Report.

Campus Safety, in accordance with the Clery Act, maintains a daily Crime Log, and prepares and distributes statistics annually on all reported occurrences. The Clery Act requires the annual publication of crime statistics for the previous three calendar years.

Pursuant to the Clery Act, the crime statistics include reports of arrests for, and disciplinary actions arising from selected crimes. Crimes that occur on campus (including in residence halls), areas contiguous to university property (including in the public way), and hate crimes are included. Alcohol and drug incidents, and sexual assaults, are in the report.

Reasonably Contiguous – refers to a building or property an institution owns or controls that is in a location that students consider to be, and treat as, part of the "campus." The University will consider locations within one mile from the core or main campus border to be reasonably contiguous with the campus.

In addition to all buildings, it applies to all outside property and grounds. In a kind and courteous manner, each community member will be responsible for reminding individuals of the University policy. This policy will be enforced like any other student conduct/employee violation. Individuals desiring to smoke may do so in their car.

This policy change reinforces our commitment to preserving and improving the health of our students, faculty, staff, and guests. The commitment to a tobacco-free campus is a responsibility we all share together, whether you are a tobacco user or not. In making this decision, we reflected on our Benedictine roots of addressing the common good of the community and listening to the community.

General Residence Hall Fire Safety

The University's on-campus residential student housing facilities are completely covered by integrated automatic sprinkler and hard-wired addressable fire alarm systems.

In addition, on-campus residential facilities have the following life safety systems: portable fire extinguishers, emergency lighting, emergency exit signs and doors, and emergency phones. A quality control program ensures that each building is inspected by trained building inspectors on a regular basis to ensure that these systems are in working condition and includes a yearly fire alarm system test and inspection.

Resident Fire Safety Brochure, which includes information on fire safety and what appropriate action to take during a fire alarm or fire emergency, is available on the Emergency Preparedness website under Emergency Plans. The Campus Emergency Response Team, Campus Safety, Mesa Fire Department and Facility Operations conduct fire drills in the fall semester. Fire evacuation drills took place in September 2024.

If a fire occurs in a university building, community members should immediately notify the local fire department by dialing 9-1-1. During business hours, Campus Safety along with Mesa Fire Department will initiate a response to all fire alarms or reports it receives. After hours, the Mesa Fire Department will respond to all fire alarm calls.

Fires should immediately be reported to 9-1-1. If a member of the University community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus Safety has already responded, the community member should immediately notify Campus Safety to investigate and document the incident. Fire alarms alert community members of potential hazards, and community members are required to heed their warning and evacuate buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building. Do not use the elevator. Community members should familiarize themselves with at least two ways out of each building.

Evacuation Procedure for Students and Employees in the Case of a Fire

Should you discover a fire, remember **RACE**:

- **Remove** anyone from immediate danger.
- **Activate** the fire alarm system by pulling the nearest fire alarm pull station, call 9-1-1 and then the Campus Safety at 602-888-5516.
- **Contain** the fire by closing doors.
- **Evacuate** the building.

All buildings are equipped with fire alarm systems, which activate at certain temperature levels or smoke conditions. However, many small fires will require a fire alarm pull station to be manually activated.

Should you be in a building when an alarm is activated, take the following actions:

- Evacuate IMMEDIATELY in a calm, orderly manner closing doors.
- Assist those with disabilities in exiting the building and ensure, to the extent possible, that other occupants know to evacuate.
- After evacuating the building, proceed to the evacuation assembly area for that building. Supervisors, faculty and resident assistants will take a head count at the evacuation area and notify the Mesa Fire Department if anyone is unaccounted for. Be prepared to move to another location if the evacuation assembly area is deemed to be too close to the building. Help keep roads, fire lanes, hydrants and walkways clear for emergency vehicles and crews.
- If you become trapped in a building during a fire, stay near the floor where the air will be less toxic. Shout for help at regular intervals to alert emergency rescue crews of your location. Remain calm and do not panic.
- Do not use the elevators;
- Exit by nearest safe stairway;
- Try to exit the room, feel the doorknob
 - If it is hot, do not open the door
 - If the doorknob is not hot, brace yourself against the door and crack it open
 - If there is heat or heavy smoke, close the door and stay in your room;
- Do not panic;
- Close all doors;
- If trapped in a room or office, keep the door closed and be prepared to signal your presence from a window;
- If you are on fire, stop, drop, and roll, wherever you are. Rolling smothers fire;

- Cool burns. Use cool tap water on the burns immediately. Do not use ointments. If skin is blistered or charred, call for an ambulance; and
- Be aware of obstacles that may be in corridors or blocking exits. Storage of any items in these locations is strictly prohibited. Blocked exits and obstacles impede evacuation, especially during dark and smoky conditions.

A person's first action should be to evacuate the building. If a fire is small and appears controllable, use a nearby fire extinguisher to combat the fire.

Remember **PASS**:

- **Pull** the pin from the fire extinguisher.
- **Aim** the fire extinguisher at the base of the fire.
- **Squeeze** the handles together.
- **Sweep** the spray from side to side across the base of the flames

If the first fire extinguisher used does not put out the fire, EVACUATE the building. DO NOT attempt to use a second fire extinguisher.

It is the policy of Benedictine University Mesa to have defined procedures to protect the life and safety of students, staff, faculty, and guests should there be a hazard that causes the University to decide to evacuate.

If you hear the direction to "EVACUATE" over the classroom telephones, or an administrator announces the evacuation in person, or by any other means of communication, you are to follow the procedures provided by the evacuation announcement.

What to do if outside during a building evacuation:

1. Do not enter any building being evacuated.
2. Get to the Evacuation Assembly Area for the building to be evacuated (if you are near a building).
3. Listen to specific directions.
4. An authorized person will announce via campus communication system or bullhorn when the building is safe to reenter.

Evacuation of the Mobility Restricted and Mobility Impaired

Mobility Restricted Individuals

Mobility restricted individuals are those with disabilities which might impede rapid building evacuation. Examples include those who are blind or deaf, or whose mobility is restricted using walkers or crutches. Assistance can be provided by guiding them to a stairwell, waiting until a clear passage is established and helping them down or up the stairs to a designated meeting area.

Mobility Impaired Individuals

Mobility impaired individuals are those with disabilities which require the use of wheelchairs or other mobility devices. To assist those individuals, proceed as follows:

1. Call Campus Safety at 602-888-5516. Provide as much information as possible. Most importantly, provide the individual's location.
2. Move the impaired individual near the stairwell and await assistance if there is no immediate danger within the vicinity of the stairs.
3. If the hazard becomes life threatening, move the individual into a room and close the door. If evacuation is deemed necessary, attempt to gain volunteer assistance and proceed to evacuate by way of the established route. Inform Campus Safety of the individual's new location.

Campus Evacuation

Should it become necessary to evacuate the entire campus, the decision to implement these procedures rests with the Director, Student Life and Athletics. In situations requiring immediate action, the Mesa Police or Fire Department can also order a local area evacuation. When evaluating evacuation, consideration will be given to the following:

- Specific threat - Bomb, fire, storm, earthquake, explosion, hazardous materials incident
- Context - Time of day, likelihood
- Recommendations of the first responder officials

In all cases when the decision has been made to evacuate the following basic procedures will be used.

1. The campus will be evacuated in stages, beginning with the areas that are in the immediate vicinity of the threat.
2. Other areas may then be evacuated, depending on the nature of the threat.
3. A gradual evacuation is preferable to a total, immediate evacuation, if possible, as it triages the populations most in danger, minimizes the likelihood of gridlock and congestion, and provides for ingress of emergency vehicles and personnel.
4. In all cases, evacuees would be directed away from the vicinity of the threat.

Policy on Fire Safety Education and Training Programs for Students and Employees

Fire safety education programs for all students in on-campus housing and all employees that have an association with on-campus housing are held at the beginning of each academic year and throughout the calendar year. The Emergency Preparedness Manager provides a Residence Life Safety brochure, which is distributed to student residents. Campus Safety evaluates the effectiveness of the fire evacuation drills and makes recommendations for improvement to university employees including the Residence Life Staff. If it is determined additional training of employees is needed, Campus Safety will coordinate the training.

The Mesa Fire Department is present during all evacuation drills. The Director, Student Life and Athletics, working with Campus Safety, conducts training sessions, which include evacuation planning and execution, educational materials, new employee orientation, publishing and posting of the University's Emergency Procedures, and referrals regarding fire safety issues. The Director, Student Life and Athletics, working with Campus Safety, conducts training sessions, which include evacuation planning and execution, educational materials, publishing and posting of the University's Emergency Procedures, and referrals regarding fire safety issues. Training of Student Life Staff is conducted each semester for new members. The Mesa Fire Department also may provide awareness and educational programming. If a fire occurs, students are instructed to leave hazardous areas via the evacuation routes and get to a predetermined location before calling 9-1-1 for help. They are to remain in that location so First Responders can determine whether all students have left the building.

Who should students and employees notify in the event of a fire?

- Dial 9-1-1 Mesa Fire Department
- Activate fire pull-station
- Dial 602-888-5516, Campus Safety
- Director, Student Life and Athletics 602-888-5507

Future Improvements in Fire Safety

The University has adopted the National Incident Management System (NIMS) and continues to train students, employees, and campus first responders in fire/disaster response and recovery. The University plans to continue student and employee training provided by the Federal Emergency Management Agency (FEMA), and emergency/disaster response and recovery. Fire evacuation drills in the residence facility will be enhanced by utilizing trained Resident Assistants.

Definitions

Cause of Fire - The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

Evacuate - Is a temporary and controlled rapid removal of people from a building, disaster area or campus as a rescue or precautionary measure. If the removal extends to more than a few months or becomes permanent, it is called "relocation."

Fire - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire-related Death – Any instance in which a person:

1. Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or
2. Dies within 1 year of injuries sustained as a result of the fire.

Examples of fire-related deaths:

- Lung damage due to smoke inhalation
- Heart problems due to stress or exertion
- Getting struck by a falling object
- Getting burned by fallen wires
- Being killed by jumping out a window

Fire-related Injury – Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of the fire. Include as a fire-related injury if treated at a medical facility, including Student Health Services, individuals who are transported to a medical facility (even if they refuse treatment at the facility), individuals who are treated at a temporary medical facility that is set up at the fire site and individuals who are treated in an ambulance. Do not include as a fire-related injury if individuals appear to be injured but refuse to be transferred to a medical facility and individuals more than one time for a single fire. If an individual is treated at a medical facility, and is later transferred to a different medical facility, count this as one person with fire-related injuries.

Fire Log - Contains the date the fire was reported; the nature of the fire; the date and time of the fire; and the general location of the fire.

Intentional Fire – A fire that is ignited, or that results from the deliberate action, in circumstances where the person knows there should not be a fire. Example – fire in a dorm restroom has been investigated by fire authorizes and determines to be arson. The perpetrator used matches to ignite paper towels.

Official - An official is any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Overhaul – Is the practice of searching a fire scene to detect hidden fires or sparks which may rekindle, and to note the possible point of origin and cause of ignition.

Public - Any university student, employee or any person not associated with the institution.

Undetermined Fire – A fire in which the cause cannot be determined.

Unintentional Fire – A fire that does not involve an intentional human act to ignite or spread into an area where the fire should not be.

Value of Property Damage – The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity (replacement value, not market value). This estimate should include contents damaged by fire, and related damage caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

Emergency Building Evacuation Drills

Fire/emergency building evacuation drills are conducted in the fall semester in our residence halls, academic and administrative facilities. Fire evacuation drills took place in September 2024. Starting in the spring 2025 semester, biannual fire evacuation drills will be conducted. Drills are conducted to familiarize occupants with emergency egress from a building and to establish conduct of the drill to a matter of routine. Drills will include suitable procedures, such as potential room-to-room checks, to ensure that all individuals subject to the drill participate. Any person who fails to participate in a drill may be subject to disciplinary action by the appropriate authority. In the conduct of drills, emphasis shall be placed on orderly evacuation rather than speed.

Drill shall be held at expected times to simulate conditions that can occur in an actual emergency. Participants shall relocate to the evacuation assembly area located outside the building and remain in that location until the all-clear is given by Campus Safety, Mesa Fire or University authority.

Fire Investigations

Trained University personnel or the fire investigation officer within the Mesa Fire Department investigates every fire that is not known to be accidental (such as a cooking fire). Fires determined through investigation to be willfully or maliciously set are classified as arsons for Clery reporting purposes.
