A Mutual Commitment to a Safe University

Benedictine University (the “University”) is dedicated to providing a safe and secure environment for all members of the University community who study, live, and work at our Lisle main campus, and our branch campus in Mesa, AZ. Each campus has its own department responsible for safety and security on that property. The Lisle main campus is served by the Benedictine University Police (BUPD), a professional law enforcement agency that utilizes State of Illinois-certified police officers as well as contracted dispatch officers and student workers.

To fulfil the BUPD mission, which is to provide resources to ensure a safe campus and improve the quality of life within our University community the officers will make themselves available for presentations to classes, student groups and other campus entities as needs arise. Topics may include crime prevention, personal safety, alcohol/drug awareness, violence in the work place, bystander intervention, etc. The BUPD is a full-service police agency devoted to excellence in service in support of the advancement of knowledge and student-career and life success.

The officers and support personnel are a dedicated, well-trained group of enthusiastic professionals who take pride in their service to the University. The department values the relationship it has with the students, faculty, staff, visitors, and neighbors, and believes that community partnerships are key to ensuring a safe learning environment for all.

Reviewing the information outlined in this report will increase your awareness, and awareness is the precursor to action. The BUPD are here to keep the University community safe and secure – and, even more, to provide unparalleled, individualized customer service. Regardless of your association with the University, please feel free to directly contact the BUPD at 630-829-6122 with any questions, concerns, or comments.

Sincerely,

David W. Anderson
Chief of University Police

A Guide to Safety at Benedictine University - Lisle Campus

In 1998, Congress enacted the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092 (f)) (or the “Clery Act”, which previously was known as the Crime Awareness and Campus Security Act of 1990). The Clery Act requires colleges and universities receiving federal funding to disclose reported instances of criminal activities on campuses. In addition to the disclosure of campus crime statistics, the Clery Act requires that timely warnings of criminal activity be disseminated to the campus community, as well as the disclosure of various campus policies. For more information on the Clery Act, please visit the Campus Security Web Site of the U.S. Department of Education, Office of Post-secondary Education, at:

<http://www2.ed.gov/admins/lead/safety/campus.html>.

The Clery Act is intended to assure that students and their families, as higher education consumers, have access to accurate, complete, and timely information about safety on campus so that they can make informed decisions.

Procedures for Preparing and Distributing the Annual Security Report

Emergency Preparedness Manager is responsible for preparing and distributing the Annual Security Report to comply with 34 CFR 668.46 of the Clery Act. The Annual Security Report is published annually by October 1 and contains three calendar years of campus crime statistics and certain campus security policy statements in accordance with the Clery Act. This required statistical information is presented in this Annual Security Report. The Annual Security Report also informs individuals how to report crime to University officials or local law enforcement agencies on a voluntary and confidential basis. Security policies include **immediately** reporting crimes and emergencies, security resources, crime awareness and prevention, security of campus facilities and residence halls, and alcohol, drug and weapons violations.

Term Definitions

Awareness programs: The term awareness programs are defined as community-wide or audience-specific programming, initiatives and strategies that increase audience knowledge, and share information and resources to prevent violence, promote safety and reduce perpetration.

Bystander intervention: The term bystander intervention is defined as safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or staking. Bystander intervention includes:

- Recognizing situations of potential harm;
- Understanding institutional structures and cultural conditions that facilitate violence (this might include fraternity or sports cultures at some institutions);
- Identifying safe and effective intervention options; and
- Taking action to intervene.

Discrimination: The term discrimination refers to conduct that is based upon an individual's race, color, religion, national origin, creed, service in the uniformed services, veteran status, sex, age, political ideas, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression,

or sexual orientation that excludes an individual from participation, denies the individual the benefits of, treats the individual differently or otherwise adversely affects a term or condition of an individual's employment, education, living environment or participation in a University program or activity. This includes failing to provide reasonable accommodation, consistent with state and federal law, to persons with disabilities.

Harassment: The term harassment is based upon an individual's race, color, religion, national origin, creed, service in the uniformed services, veteran status, sex, age, political ideas, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation. Harassing conduct may take various forms, including, name-calling, graphic or written statements (including the use of cell phones or the Internet), or other conduct that may be physically threatening, harmful, or humiliating. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Sex-based harassment includes sexual harassment and non-sexual harassment based on stereotypical notions of what is female/feminine v. male/masculine or a failure to conform to those gender stereotypes.

Ongoing awareness and prevention campaigns: The term ongoing awareness and prevention campaigns refers to campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to sexual assault, domestic violence, dating violence and stalking prevention. These programs will occur at different levels throughout the institution (i.e. faculty, athletics, and incoming students) and will utilize a range of strategies. Ongoing awareness, training and prevention campaigns may include information about what constitutes sexual assault, domestic violence, dating violence, intimate partner abuse, and stalking, changing social norms, promoting recognition of perpetrator tactics, enhancing understanding of consent, and advancing prosocial behaviors of individuals and communities. Effective ongoing awareness and prevention campaigns will include developmentally appropriate content for the specific audience and their knowledge and awareness level and provide positive and concrete ways for individuals to get involved.

Preponderance of evidence: This standard of evidence means that a hearing must determine whether a complaint of sex discrimination is "more likely than not" to have occurred or 51% likely to have occurred. This standard applies for all complaints of sex discrimination, including sexual harassment and violence, because Title

IX outlines standards for school disciplinary processes – not criminal complaints, which require the highest standard of evidence, “beyond a reasonable doubt.”

Primary prevention: The term primary prevention refers to programming, initiatives and strategies intended to stop domestic violence, dating violence, sexual assault, or stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Proceeding: The term proceeding is defined as all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

Programs to prevent: The term programs to prevent refers to comprehensive educational and training programs intended to prevent violence that incorporate diverse approaches that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and consider risk and protective factors as they occur on the individual, relationship, community and societal levels.

Result: The term result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act ([20 U.S.C. 1232g](#)), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.

Risk reduction: The term risk reduction is defined as options designed to:

- Decrease perpetration and bystander inaction;
- Increase empowerment for victims in order to promote safety; and
- Help individuals and communities address conditions that facilitate violence.

Survivor-centered: The term survivor-centered means a student who has experienced sexual violence,

domestic violence, dating violence, or stalking that (i) ensures the compassionate and sensitive delivery of services in a nonjudgmental manner; (ii) ensures an understanding of how trauma affects survivor behavior; (iii) maintains survivor safety, privacy, and, if possible, confidentiality; and (iv) recognizes that a survivor is not responsible for the sexual violence, domestic violence, dating violence, or stalking.

Trauma-informed response: The term trauma-informed response means a response involving an understanding of the complexities of sexual violence, domestic violence, dating violence, or stalking through training centered on the neurobiological impact of trauma, the influence of societal myths and stereotypes surrounding sexual violence, domestic violence, dating violence, or stalking, and understanding the behavior of perpetrators.

Unfounded: The term unfounded refers to where sworn or commissioned law enforcement personnel have fully investigated the reported crime and have made a determination that the crime report is false or baseless and therefore “unfounded.”

Reporting of Criminal Offenses, Emergencies and University Response

University community members – students, faculty, staff, and guests – are encouraged to report all crimes, emergencies and public safety related incidents to the BUPD in an accurate, prompt, and timely manner. BUPD has been designated by the University as the official office for campus crime reporting. Accurate and prompt reporting ensures BUPD are able to evaluate, consider and send timely warning reports, disclose crimes through ongoing disclosure processes such as the posting of crimes in the Daily Crime Log and accurately documenting reportable crimes in its annual statistical disclosure. The University further encourages accurate and prompt reporting to BUPD and/or the local police when the victim of a crime elects to, or is unable to make such a report. This publication focuses on BUPD because it has primary responsibility for patrolling the campus and it has been designated as the institution’s primary reporting structure for crimes and emergencies. However, criminal incidents or incidents off campus can be reported to the Lisle Police Department. More information may be obtained at: <http://www.dupagecrimestoppers.com/>

Dispatchers are available 24 hours/7 days a week to answer campus community calls. BUPD procedures require an immediate response to emergency calls. BUPD work closely with a full range of local and county resources to assure a complete and timely response to all emergency calls. Priority response is given to crimes against persons and personal injuries. BUPD respond to all reports of crimes and/or emergencies that occur on campus, adjacent to campus within its public property reporting area. In response to a call, BUPD will take the required action, dispatching an officer or asking the victim to report to BUPD to file an incident report.

To obtain information or request a safety escort, community members should call 630-829-6122 or extension 6122.

If a sexual assault should occur on campus, staff on scene, including BUPD, will offer the victim a wide variety of resources and services. This publication contains information about on and off campus resources and services. You may report anonymously, request anonymity, or voluntarily identify yourself, if you chose.

Responsibilities of the Benedictine University Community for their own Personal Safety

Members of the University community must assume responsibility for their own personal safety and the security of their personal property. The following precautions provide guidance:

- Report all suspicious activity to BUPD immediately;
- Never take personal safety for granted;
- Try to avoid walking alone at night. Use the BUPD escort service;
- Limit your alcohol consumption, and leave social functions that get too loud, too crowded, or that have too many people drinking excessively. Remember to call BUPD for help at the first sign of trouble;
- Carry only small amounts of cash;
- Never leave valuable (wallets, purses, books, phones, laptops, etc) unattended;
- Carry your keys at all times and do not lend them to anyone;
- Lock car doors and close windows when leaving your car;
- Always lock the door to your residence hall room or apartment, whether or not you are there. Be certain that your door is locked when you go to sleep, and keep windows closed and locked when you are not at home. **DO NOT PROP OPEN INTERIOR OR EXTERIOR DOORS;**
- Do not leave valuables in your car, especially if they can be easily noticed; and
- Engrave serial numbers or owner's recognized numbers, such as driver's license, on items of value.

Confidential Reporting

BUPD encourages anyone who is the victim or witness to any crime to promptly report the incident to the BUPD. When a report is made to BUPD, they must investigate

the incident and cannot hold reports of crime in confidence. With the information investigated from the crime, the University can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with regard to a particular location; method, or assailant; and alert the campus community to potential danger. Reports filed are counted and disclosed in the annual crime statistics for the institution.

It is understood that not everyone is comfortable speaking with the police. We urge you to speak with your supervisor, any senior University official or Human Resources should you become aware of any act or omission, which you think violates the law or University policies or procedures.

In situations where reporting through regular channels may be uncomfortable or otherwise inappropriate, the University has selected **Ethics Point** to provide you with simple, anonymous and confidential reporting. This confidential Compliance Helpline service supplements, but does not replace or supersede, existing reporting methods. Anyone may make an anonymous report by contacting the University's Anonymous Reporting Line via telephone at 866-326-2747 or by accessing the Benedictine University Compliance and Ethics Helpline www.ben.ethicspoint.com. Anonymous reports can be made 24 hours a day/7 days a week.

Policy Statement Addressing Counselor Confidentiality

The University "Pastoral Counselors" and "Professional Counselors," when acting as such are not considered to be a campus security authority and are not required to report crimes for inclusion in the annual security report disclosure of crime statistics. As a matter of policy, the professional counselors are encouraged if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary confidential basis to BUPD.

Counselors are defined as:

Pastoral Counselor – A person, who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor – A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her

license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

All information with regards to counseling remains confidential, except in situations where there is a threat to life and safety. The Counseling Center prohibits the release of any information without explicit, informed and written authorization. The Counseling Center works closely with the Campus Response Evaluation (CARE) team, BUPD, Campus Ministry and outside professional agencies, to minimize any threat to one's self and the entire internal and external campus community. Information on CARE can be found at: <http://www.ben.edu/emergency/care.cfm>

Violence Against Women Act and Title IX

The Violence Against Women Reauthorization Act of 2013 (VAWA) amends the Clery Act expanding the scope of this legislation in terms of reporting, response, and prevention education requirements around rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. For all Illinois higher education institutions, a new law Preventing Sexual Violence in Higher Education was enacted August 2016. Sexual violence primary prevention and awareness programming shall be provided for all students who attend one or more class on campus annually. In addition, we require all staff and faculty to complete online training annually. We have contracted with an outside vendor to provide us with online training.

Title IX of the Education Amendments of 1972 (Title IX) is a federal civil law that prohibits discrimination based on sex in education programs and activities. Under, Title IX, discrimination on the basis of sex can include sexual harassment or sexual violence, such as rape, sexual assaults, sexual battery, and sexual coercion.

The University is committed to maintaining a positive learning, working and living environment. The University does not discriminate or allow harassment on the basis of race, color, religion, national origin, sex, gender, gender identity, age, marital status, citizenship, mental or physical disability status, sexual orientation, order of protection status, military or veteran status, or any other characteristic protected by law in admission and access to, and treatment and employment in its educational programs and activities.

In pursuit of these goals, the University will not tolerate acts of discrimination, harassment, sexual misconduct (including dating/domestic violence or stalking) or retaliation against or by any administrator, staff, faculty or student as such behavior seriously undermines the University's effectiveness as an educational institution and a workplace.

Gender-Based Violence Prevention Programs and State Definitions

Benedictine University values every member of our community. As such, the University prohibits acts of gender-based violence (sexual assault, domestic violence, dating violence, and stalking) against any student, faculty, staff, or visitor. Reports received of these crimes will be investigated by the Title IX office in accordance with the University Title IX Policy. To view the full policy, visit <http://www.ben.edu/compliance/title-ix.cfm>. It is also the University's policy to comply with all applicable federal and state laws for reporting and publishing statistics on the occurrence of sexual assault, domestic violence, dating violence, and stalking in our annual security report located <http://www.ben.edu/student-life/police/index.cfm>.

In order to prevent future crimes of gender based violence (sexual assault, domestic violence, dating violence, and stalking) the university provides annual training and prevention programming to students, faculty, and staff.

When providing training and programming, Benedictine University considers the unique needs of our campus culture and provides programs that are:

- Culturally appropriate and inclusive of our diverse communities and identities;

- Sustainable, so programs can be provided annually to ensure the University's commitment to violence prevention;
- Responsive to the needs of our community to educate on local services; and
- Informed by research and evaluated for effectiveness.

The training and programming initiatives are available to all students, faculty and staff. Programs conducted during the 2018 calendar year can be found at:

[S:\Projects\DAAPP-CPAPSEP Presentation Logs\CPAPSEP\2018 CPAPSEP Logs\2018 CPAPSEP Presentations-Lisle.xlsx](#)

We also consider the risks that may be inherent in our community on and off campus as well as protective factors that come from the safe and supportive environment that we strive to provide.

All of our programs include common themes. One important theme that guides our programming is the University's stance that violence will not be tolerated in our campus community. Some of the other topics that are covered in programming include:

- Definitions of sexual assault, domestic violence, dating violence, and stalking on the federal level which are used in University investigations;
- Definitions of these crimes in Illinois, which are used when they are reported to the BUPD or local law enforcement. These definitions are particularly helpful if the victim choose to pursue the criminal justice process against the accused;
- Discuss safe and reasonable options for bystander intervention. We believe that in order to prevent violence, then it is everyone's responsibility to step up and work to ensure a safe community;
- Share information on risk reduction to decrease perpetration on our campus, reduce barriers for getting involved as a bystander, and empower individuals to know their options in situations that may feel unsafe; and
- Give information about the institution's disciplinary process, which can be found in our Title IX Policy found at <http://www.ben.edu/compliance/title-ix.cfm>.

State of Illinois definitions of dating violence, domestic violence, sexual assault, stalking and consent are as follows:

2. Knows the victim lacks capacity to give consent;
3. Is a family member of the victim and the victim is under 18 years old;
4. Is a least 17 years old, holds a position of authority or trust over the victim, and the victim is between 13 and 18 years old. (720 ILCS 5/11-1.20)

Stalking: (1) Knowingly engaging in a course of conduct directed at a specific person that would cause a reasonable person to either:

1. Fear for his or her safety or the safety of a third person; or
2. Suffer other emotional distress; or
3. Knowingly and without lawful justification following or surveilling another on at least 2 separate occasions and threatening or placing the victim in reasonable apprehension; or
4. Aggravated stalking is stalking in conjunction with causing bodily harm, confining or restraining victim or violating court order or injunction. (720 ILCS 5/12-7.3)

Consent: A freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the

accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of the sexual penetration or sexual conduct. (720 ILCS 5/11-1.70 (a) (c))

Sexual Misconduct

The University defines “sexual misconduct” as any attempted or actual act of non-consensual or forcible sexual touching.

“Consent” requires speech or conduct indicating a freely given, un-coerced agreement to engage in sexual contact. Consent may not be inferred from silence or passivity alone and a current or previous relationship is not sufficient to constitute consent. Either person may withdraw consent at any time prior to a specific sexual act.

To be valid, the person giving consent must be physically and mentally able to:

- Understand the circumstances and implication of the sexual act;
- Able to make a reasoned decision concerning the sexual act; and
- Able to communicate that decision in an unambiguous manner.

There are a number of factors, which may limit or negate a person’s ability to consent to a sexual act. These include impairment due to the influence of alcohol or drugs (illegal or prescription), a person’s mental or physical impairment of which the other person is aware or should reasonably have been aware, unconsciousness, age, and fear or coercion.

Sexual Assault Victim Reporting Policy

A person who has been a victim of sexual assault is strongly encouraged to **immediately** report the crime to the [Title IX](#) Coordinator, BUPD 630-829-6122, a residence hall staff member, the Dean of Students, Student Health Services, The Counseling Center, [Campus Security Authority](#) members, or an outside community agency such as the YWCA Rape Hotline at 630-971-3927. Victims are strongly urged to preserve all physical, trace and serological evidence, to include

clothing, bedding and body fluids, associated with the assault, to ensure a successful criminal prosecution, or administrative sanction against the offender, if desired. The University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims, both within the University and in the community. Upon request, assistance will be provided in changing academic schedules and living arrangements.

Even if a victim decides not to file a criminal complaint with the BUPD, it is recommended that the individual contact a University or community resource for support. Victims are entitled to confidential services either on or off campus, whether or not charges are pressed. Resources both on campus and in the community are:

The Bill of Rights for Victims and Witnesses of Violent Crime is an Illinois law that ensures fair and compassionate treatment for victims and witnesses of violent crime. The law guarantees two basic rights to crime victims and witnesses - the right to obtain information from the criminal justice system, and the right to be treated in a humane way by the system.

Illinois Domestic Violence Act: Rights of Victims

Domestic violence is a crime. Any person, who hits, chokes, kicks, threatens, harasses or interferes with the personal liberty of another family or household member has broken the Illinois Domestic Violence law. Under Illinois law family or household members are defined as

- Family members related by blood;
- People who are married or used to be married;
- People who share or used to share a home, apartment, or other common dwelling;
- People who have or allegedly have child in common or a blood relationship through a child in common;
- People who are dating or engaged or used to date, including same sex couples; and
- People with disabilities and their personal assistants.

(Excerpt from the Illinois Domestic Violence Act webpage, Illinois Attorney General)

Domestic violence consists of physical assault, sexual abuse and stalking. The violence takes many forms and can happen all the time or occasionally. If you are in an abusive situation, you are urged to seek help. For off-campus resources refer to the following:

For employees who may have been a victim of domestic or sexual violence, or who have a family member who has been a victim of domestic or sexual violence, the University fully complies with the Illinois Victims' Economic Security and Safety Act (VESSA), which gives employees affected by domestic violence certain rights for leaves of absence, protective measures in the workplace, and reasonable accommodations. More information about the University's VESSA policy may be obtained from Human Resources.

Disciplinary Process Sexual Assault Policy

Students accused of sexual misconduct will be subject to disciplinary action in accordance with the University's policies and procedures for student misconduct. At the discretion of the University, persons accused of sexual misconduct may be immediately suspended or restricted from campus pending final disposition of any disciplinary proceedings. Individuals found to have committed sexual misconduct will be subject to sanctions, up to and including dismissal from the University.

In addition to student disciplinary action, persons accused of sexual misconduct may be subject to criminal prosecution by the law enforcement agency with appropriate jurisdiction in that case. In the course of a criminal investigation or prosecution, the University may choose or may be required to provide information and records related to its disciplinary proceeding involving the same act. However, the University's student disciplinary process is independent of and not dependent upon any criminal process. The decision to prosecute or not prosecute and the ultimate outcome of any criminal proceedings do not determine the University's student conduct proceedings.

At institutional disciplinary proceedings, the accuser and the accused are entitled to the same opportunities to

have others present during a disciplinary proceeding and both the accuser and the accused will be informed of the outcome of any institutional disciplinary proceedings brought alleging a sex offense.

Similarly, the University's decisions with respect to the continued employment of any employee (faculty or staff) accused of sexual misconduct will be made independently of the filing or disposition of any criminal charges involving the same conduct.

Benedictine University expects its Trustees, officers, faculty, staff and students to cultivate an environment that allows members of the Benedictine University community to enjoy the full benefits of their work or learning experience. It is therefore, the policy of Benedictine that no member of the University community may engage in conduct, which discriminates against or harasses another individual or group based on race, color, national or ethnic origin, sex, age, disability, veteran's status or any other criteria protected by applicable law.

The University will take prompt and appropriate corrective action, up to and including termination of employment, expulsion, and/or other sanctions against anyone who engages in harassment. The University will also take steps, if and as appropriate, to remedy the effects of the violation for the complainant and the University community as may be necessary, and to prevent recurrence of the violation. Finally, the approved policies of academic freedom shall be respected and are understood to be consistent with the implementation of this policy.

Discriminatory Harassment Policy

The University is responsible for creating an environment where we are treated with respect and dignity. Sometimes behavior that seems acceptable to you may be offensive to others. Any harassment or false accusations of harassment, of or by employees or students, are not acceptable. The University prohibits harassment based on sex, race, religion, age, national origin, disability, sexual orientation, or membership in any other group, or any characteristic, protected by law, including the following behaviors:

- Unsolicited remarks, gestures, or physical contact; display or circulation of written material or pictures negative or offensive to gender or to racial, ethnic, religious or other groups, or to any characteristic, protected by law;
- Unwelcome sexual advances, request for sexual favors, and all other verbal or physical conduct of a sexual or otherwise offensive nature, especially where submission to such conduct is made either explicitly or implicitly a term or condition of employment or academic advancement or status, or the basis for employment-related decisions affecting the employee or decisions affecting the individual's academic advancement or status; or
- Conduct that has the purpose or effect of interfering with an employee's work or academic performance or creating an intimidating, hostile, or offensive working or learning environment.

Enforcement of Prohibitions

Harassment of any sort is a serious breach of University policy. The University will take prompt and appropriate corrective action, up to and including termination of employment, expulsion and/or other sanctions against anyone who engages in harassment. If you believe you have been the subject of harassment (or a violation of the University's Equal Employment Opportunity policy), report the alleged conduct immediately to the Dean of Students, Human Resources, the Chief Compliance Officer or any other senior University official. The University prohibits any form of retaliation against any employee or student for filing a complaint or for assisting in a complaint investigation.

Non-Discrimination Policy

In administering its affairs, the University does not discriminate against any person on the basis of race, creed, color, national or ethnic origin, sex, age, disability, military or veteran status, marital status, citizenship, or

any other characteristic protected by applicable law. The laws applicable to the University include constitutional and statutory protections of the University's rights as a religiously sponsored institution.

Hate Crime Policy

A hate crime is classified by law as a felony offense and is in direct violation of the University's non-discriminatory policies. Therefore, the University, in addition to processing hate crimes in accordance with the law, may simultaneously proceed with internal investigatory and disciplinary processes as defined by the Student Handbook. A person commits (a) hate crime(s) when by reason of the actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability or natural origin of another individual or group of individuals, he commits assault, battery, aggravated assault, misdemeanor or criminal damage to property, criminal trespass to property, mob action or disorderly conduct, and/or harassment by telephone.

A person who has been a victim of a hate crime may report the crime to the BUPD 630-829-6122, a residence hall staff member, the Dean of Students, health/counseling office or an outside community agency. Those who report a hate crime will be advised of the importance of preserving evidence, which may be necessary to provide proof for prosecution. Hate crimes will be reported to BUPD. The University will provide support services for persons who have been victims of hate crimes. Staff will serve in an advocacy role and help refer individuals for appropriate medical, police, and counseling assistance.

Authority and Jurisdiction of Benedictine University Police Department

BUPD is legally authorized by the Illinois Private College Campus Police Act, a statute which, grants legal authority under state law for private colleges and universities to create their own police departments, with the jurisdiction and powers that are listed in the statute:

Members of the campus police department shall have the powers of municipal peace officers and county sheriffs, including the power to make arrests under the circumstances prescribed in Section 107-2 of the Code of Criminal Procedure of 1963, as amended, for violations of state statutes or municipal or county ordinances, including the ability to control and regulate traffic on the public way contiguous to the college or university property, for the protection of students, employees, visitors and their property, and the property branches, and interests of the college or university, in the county where the college or university is located. **Chapter 110, Illinois Compiled Statutes Sec. 1020/1**

As of the date of this Report, BUPD is comprised of the following: seven (7) armed, state-certified police officers with powers of arrest (110 ILCD 1020/1). In addition, the department has one (1) Records Manager/Dispatch Supervisor and four (4) third-party contract Emergency Dispatchers, all of which are unarmed and unsworn with no official powers of arrest authority.

BUPD is augmented by area law enforcement agencies, through a Memorandum of Understanding, which provides law enforcement and first responder resources to address serious acts of criminality, emergency fire and medical services, emergency disaster and recovery efforts.

Campus security is maintained through vehicle, bicycle and foot patrols, and a 24-hour Emergency Dispatch Center, which monitors electronic security and safety equipment, emergency and non-emergency telephone requests for service and radio communications. Services are provided 24/7, including special events, athletic competitions and large gatherings. Operating on the concept of Community-Oriented Policing, BUPD fosters a positive relationship with the community, providing personal and workplace safety, security training, fire prevention, drug and alcohol awareness, and training for Residence Life staff. All officers are certified in CPR/AED and first aid and maintain on-going State-certified law enforcement training and development, including domestic violence and conflict resolution strategies.

BUPD collect crime reports from local law enforcement agencies for Clery Act statistical reporting for all properties, owned, controlled and/or adjacent to the University.

“Active Shooter” training is conducted on campus with the local police department and officers receive annual firearms qualifications, including patrol carbines. BUPD maintain a page on the University’s website, which provides information on services, registered sex offenders, anonymous reporting, residence hall safety,

Clery Act crime statistics, alternatives to drinking, and traffic enforcement initiatives.

The Chief of Police serves on several University committees that have a direct impact on campus safety, security and violence prevention. BUPD officers enforce all state criminal statutes as well as the University’s Student Code of Conduct, and provide referrals for reports of off-campus crime.

BUPD office is located on the ground level of the Parking Garage in the southwest part of the Lisle campus. The office hours are Monday - Friday, 8:00 a.m. - 4:00 p.m. Police officers are on campus 24 hours a day, seven days a week. BUPD can be contacted at 630-829-6122.

Criminal Charges

Criminal charges filed by the BUPD are heard in the Circuit Court for the Eighteenth Judicial Circuit in and for DuPage County, located in Wheaton, Illinois. Failure to appear for designated court dates may result in the Court issuing a warrant for Criminal Failure to Appear and/or the revocation of bond.

Code of Conduct

Violations of an Illinois state statute, Village of Lisle ordinance, or University policy also may be a violation of the Student Statement of Responsibilities found in the Benedictine University 2019-2020 Student Handbook. <http://www.ben.edu/student-life/student-handbook.cfm> BUPD may refer violators to the Dean of Students for student disciplinary proceedings, in addition to, or in lieu of, criminal charges. If referred for disciplinary proceedings, the violator must comply with notices to appear to the Dean of Students or his designated representative. Failure to comply with notices to appear will result in sanctions and/or the pursuit of criminal charges.

For employees’ Code of Conduct, please refer to the Compliance webpage: <http://www.ben.edu/compliance/conduct.cfm>

Violation of Law and University Discipline

BUPD seek to maintain a safe and secure campus environment. BUPD has authority to enforce state and local criminal and traffic laws, as well as University policies.

At the discretion of the BUPD Officer, based on the seriousness of the offense, violations of the law may result in custodial arrest and criminal charges brought against any student, faculty, staff, guest or visitor. The Lisle Police Department also has jurisdiction to make arrests on campus, should the Lisle Police become aware of a criminal offense.

BUPD may also issue administrative citations for violations of Illinois law or for violations of the Student Code of Conduct including but not limited to those violations involving the use or possession of drugs and alcohol. The same violations may be brought to the attention of the Associate Dean of Students or the Dean of Students. Faculty and staff conduct violations are brought to the attention of Human Resources, and to the appropriate Dean.

Preponderance of the Evidence

The Student Conduct Process at the University requires a preponderance of the evidence in order for a student or employee to be found in violation of the University policy. This means that a student will be found in violation of a University policy if the evidence demonstrates that it is "more likely than not" that the alleged violation occurred.

Student Life Conduct Process

Failure to abide by your responsibilities and any University policies and procedures will be resolved through the Student Life Conduct Process. Many times misconduct can be resolved informally, but situations may require a more formal procedure. The procedure is grounded in the concept of fairness and impartiality, thereby supporting the values of our community by addressing misconduct in a constructive and positive way. If University action is warranted, a student will receive a phone call and/or email to their student email account notifying them that a conversation is required. The Office of Student Life will consider the following options:

Mediation - Incidents may be resolved through mediation – a voluntary, private and informal process.

Hearings - Two kinds of hearings are possible: an administrative hearing (appointed University officials) and panel hearing (representatives of the student body, faculty and administration act as panel hearing members). The purpose of the hearings is to come to an understanding of the misconduct by the student(s), determine responsibility and remedies. Hearings can be used to resolve minor disciplinary matters or more serious matters (not limited to theft, dangerous weapon possession, misuse of fire protection equipment, sexual

assault, illicit use of drugs and repetitious misconduct) that may result in a student being suspended or dismissed from the University or residence halls. Hearings may be conducted by a designated hearing officer or board depending on the incident as determined by the Office of Student Life.

Hearing Process - Students are expected to obtain further details if they attend a hearing. The hearings will follow appropriate procedures to ensure a fair process, and parties will have the opportunity to present any facts to substantiate the claim, including witnesses.

Hearings will proceed in the absence of a respondent who was given proper notice, who does not request a postponement and who does not attend the hearing. No parent, guardian, legal counsel or person outside of the University community is allowed to appear at the hearing, except if criminal proceedings are occurring simultaneously.

To ensure a fair process, parties may request that community members assist and participate in the investigation and hearing process. Students, faculty or staff who agree to assist and/or attend the hearing with the party but do not speak at the hearing shall provide such assistance. In the event a party is unable to locate someone to act in this capacity, they may request the assistance from the Office of Student Life. The administrator or Hearing Panel will be responsible for assigning a remedy in the event it finds that a violation of the Statement of Responsibilities or University policy has taken place. Consideration of a student's entire disciplinary record at the University will be considered when designing an appropriate sanction.

Appeal Process - A student may appeal a decision made by a hearing concerning the finding of a violation or the remedy imposed within five (5) days of notification of a decision. To do so, the student must deliver a written explanation on the grounds upon which the appeal is made to the Office of Student Life. The burden of demonstrating an inequity in the hearing or remedy shall lie with the student. The responsibility of making a final decision will rest with the Office of Student Life.

Sanctions

The following sanctions may be imposed upon any student found to have violated the standards as defined in the Benedictine University 2019-2020 Student Handbook. This does not and cannot include all information that may lead to sanctions. Sanctions are defined and imposed as follows:

A. Warning: A written statement to the student indicating disapproval of their conduct or violation of regulations, and stipulating that continuation or repetition

of such action may be cause for more severe judicial action.

B. Restitution: Reimbursement for damage to or mishap of property. Restitution may take the form of monetary compensation or the appropriate service to repair damages and may be combined with another type of sanction.

C. Monetary Fine: Financial assessment imposed according to specific sums stipulated in published rules and regulations, or when no sum is so stipulated, according to the merits of the case and established precedents.

D. Disciplinary Probation: The student is informed in writing that any subsequent misconduct or violation of institutional regulations during a specified period will be evaluated within the context of their probationary status and may result in suspension or expulsion. The terms of probation apply during the period of probation and may include any of the following:

1. May not become an officer or student representative in any University organization or committee;
2. May not represent the University at any public function, including intercollegiate or co-curricular activities; or
3. May not be eligible for scholastic honors or distinctions.

E. Counseling or Psychological Treatment Mandate: If deemed necessary due to physical or psychological problems, a student can be required to provide a release of information form to verify psychological/substance abuse/evaluation and may have further treatment mandated as a condition of enrollment.

F. Residency Probation: The student is informed in writing that their general behavior in the residence hall indicates that they are not able to appropriately adjust to group living, and that any subsequent misconduct or violation of institutional regulations may result in the termination of their residence hall contract. In such cases, room and board charges will not be prorated or refunded.

G. Community Service: The student will be assigned a task to complete that will, on many occasions, relate to the inappropriate behavior. A period will be set up for the completion of this task and the student will be assigned a supervisor to whom to report.

H. Behavioral Contract: A contract between the student and the University that limits student activities and spells out specific consequences for violation of the contract may be issued.

I. Special Projects: An assignment relating to the offense may be issued as a possible sanction.

J. Suspension: The student is informed in writing they must leave the University community temporarily. Suspension shall be interpreted to include any or all of the following stipulations: the student may not attend classes, contact faculty, reside on campus or visit residence halls, frequent campus facilities, and participate in campus activities or exercise student privileges. Suspension may be specified as follows:

1. **Terms:** suspension may be stipulated for a specified period. After the suspension, the student is automatically eligible for readmission.
2. **Conditional:** suspension may be stipulated for an indefinite period of time premised on the student's accomplishment of certain specified conditions.
3. **Interim:** The University reserves the right to suspend a student on an interim basis when circumstances and facts indicate the student's continued presence on the campus constitutes an unreasonable danger to institutional property, the student or others. Interim suspension may be interpreted to permit all of the stipulations stated above, or may permit students to continue attending classes while they are suspended from representing the University in extracurricular activities, including intercollegiate athletics.

K. Expulsion: The student is informed in writing that they are permanently separated from the University.

Non-Sanction Resolutions

Interim Intervention: The University reserves the right to suspend a student on an interim basis when circumstances and facts indicate that the student's continued presence on the campus constitutes an unreasonable danger of harm or injury to institutional property, the student involved or others. Students may also be suspended on an interim basis while undergoing resolution by University or civil authorities.

Involuntary Withdrawal: A student may be subject to involuntary withdrawal from the University or from the residence halls if it is determined that the student is suffering from a mental illness and/or engages (or threatens to engage) in behavior which poses a danger of causing physical harm to self or others; engages in behavior which would cause property damage; impedes the lawful activities of others; or disrupts the community.

Student Off-Campus Criminal Conduct

A student attending a University-sponsored function off campus is subject to the same standards of conduct as those expected on campus. Because the University is located within a community, any University student who has violated criminal laws also may be subject to University judicial proceedings. Violations of local, state or federal laws on campus may also result in the filing of criminal charges.

Annual Fire Safety Report

Fire Log:

- A fire log is maintained at the Benedictine University Police Emergency Dispatch Center and is accessible to the public onsite at the Parking Garage in Room 122 at 5720 College Road, Lisle, IL 60532; or
- A request can be made by calling the non-emergency telephone number 630-829-6122; or
- A written request can be sent to Benedictine University Police at 5720 College Road, Lisle, IL 60532.

Emergency Preparedness Overview

Emergency Response and Recovery Team (ERRT) is responsible for numerous campus safety and violence prevention programming, to include the development and maintenance of the Emergency Procedures, the Emergency Operation and Business Continuity Plan, Campus Violence and Prevention Plan, mass emergency communications initiatives, and community training and awareness. The ERRT is charged with developing and updating plans to prepare the University community for the event of an emergency or disaster. Through consistent promotion, educational training, and awareness campaigns, the ERRT hopes to save lives, reduce injuries, minimize property damage, and assure and facilitate the restoration of essential operational and priority services. The keys to an effective Emergency Operations Plan are to communicate in a timely manner when an emergency or disaster is identified, and to train as many community members as feasible in the procedures for emergencies and disasters, and recovery.

The Emergency Procedures is presented in an easy to read single page document. Each box on the document identifies what to do in the event of a Medical Emergency, Fire, Severe Weather; Utility Failure; Hazardous Material Accidents; Suspicious Person,

Suspicious Package, Sexual Misconduct and Active Shooter.

The Benedictine Emergency Procedures can be located at: <http://www.ben.edu/emergency-preparedness/upload/Emergency-Procedures-one-page.pdf>

Emergency Warning

The safety of all faculty, staff, students and visitors to our campus is important to the University. The ERRT developed the Emergency Procedures for preparing the University community for an emergency event or disaster. The University community's adherence to the Emergency Procedures guidelines will enable the University to communicate in a timely manner in the event of an emergency or disaster, save lives and reduce potential for additional injury and property damage, meet basic human needs, and restore essential operations and priority services.

The ERRT is assembled and the Emergency Operations Center ("EOC") is activated upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, employees or guests on campus.

The ERRT members or their designees alert and/or notify the campus population and the public of major emergencies through a combination of the following University Emergency Alerts and Information Notification systems. These systems are:

- AlertWave™ Emergency Notification System - wireless public address, emergency communication, and mass notification system located in common areas of all campus buildings, which use speakers, horns, strobe lights, and all University phones equipped with speakerphone capability.
- BenAlert emergency notifications. These are a series of pre-scripted messages that provide instruction on what to do during a particular emergency and were developed by the Marketing and Communication department. <http://www.ben.edu/emergency/benalert.cfm>
- Fire alarms in all campus buildings are automatically activated in the event of a fire or can be manually activated by a pull station.
- Broadcast e-mail with the "Importance: High" option (message will appear with a red exclamation point in each user's inbox) and emergency details to #All Main Campus Adjunct Faculty; #All Main Campus Faculty; #All Main Campus Staff; #All Main Campus Student.
- Broadcast voicemail with emergency details with the "Urgent Delivery" option to all users who have a voicemail account, including all faculty and staff with

an assigned private telephone number, and all department or area office telephones. The urgent message is the first one played back when listening to voicemail messages. However, there is no visible or audible signal that differentiates an “urgent” from a regular voicemail until a user logs into their voicemail box. Please note that voicemail broadcasts require more time to distribute. The last user may not receive a message for 10-20 minutes after initializing the process.

- ThorGuard lightning detection system is located on top of the Krasa Student Center, Sports Complex and parking garage. The University utilizes the ThorGuard audible alarm that will be activated by BUPD dispatch on the signal from the Alertus system.
- Benedictine University website (www.ben.edu) and Emergency Information Web page (<http://www.ben.edu/emergency/>) with emergency details posted.
- The University’s Emergency Notification Phone Tree. Each University office is responsible for creating and maintaining a phone tree to ensure effective communication of emergency details.
- Residence Life staff will personally contact each resident student through a variety of means including letters, posters and notification to Resident Advisors.
- BUPD vehicles equipped with a public address system and emergency lights.
- ERRT members will place posters or notices on campus buildings, and for health-related incidents, ERRT will prepare and/or distribute factsheets with definitions, a plan of action, and a description of action steps already taken, including the identification of isolation or quarantine areas.
- The President may issue an email to the internal community and a letter to current and prospective Benedictine parents, alumni and friends of the University.
- ERRT members and their designees may provide verbal notification by walking around campus to communicate emergency details.
- The electronic sign and campus TV network.
- Public address announcements via the Kindlon Hall carillon.
- Student campus leaders – Student Senate, Candor and other student groups.
- The Emergency Preparedness Manager or designee will update the Emergency Closing Center (“ECC”), which is then automatically broadcast to all Chicago area radio and TV stations, the ECC website, and email notification system (for those who have signed up to receive this information from the ECC at www.emergencyclosings.com/complete.html).
- Cancellations.com, similar to the ECC (above).
- The Office of Marketing and Communications will post updates to Facebook and Twitter.

These may be updated hourly or daily as needed as details develop. Details may include general information; warnings or notices to have awareness of particular items; the status of classes, activities, and/or the campus or specific buildings; and for health-related incidents, information about relevant signs and symptoms of a health condition, protection and prevention measures, suspected or confirmed cases, isolation or quarantine, areas, and other pertinent items.

Timely Warning Notice

A Timely Warning Notice (TWN) is sent when a crime that poses a serious or continuing threat to members of the University community occurs within the Benedictine University Clery Geography (on campus, in the residence halls, public property near campus, non-campus property) and is reported to the University Police or other local law enforcement agencies. The University will immediately take into account the safety of the community, determine the content of the notification and initiate the notification system. The TWN is sent primarily by blast email to all students and employees on campus. TWNs can also be sent/communicated via BenAlert and a variety of other notification methods, as outlined in the Emergency Warning section of this report. The Chief of Police distributes TWNs to the University community.

In general, University Police will issue TWN in the following circumstances:

1. It is a Clery-reportable crime or University Police determines that a TWN is otherwise appropriate;
2. The crime was reported to University Police either directly or through local law enforcement; and
3. There is a serious or continuing threat to the University community.

Decisions about whether to issue a TWN, the information to include, and the form in which it will be issued, will be made on a case-by-case basis by University Police, in light of the relevant circumstances. In addition to issuing TWNs for campus crimes, University Police will provide prevention strategies to inform the campus community of actions to take, to ensure a safe environment.

Public Safety Notices

A Public Safety Notice (PSN) may be sent to the University community for general crime prevention purposes, to inform the community of crimes and/or

incidents that are not generally time sensitive or considered to be a continuing threat, but important to be aware of, and/or to inform the University of incidents occurring on, around, or even off campus that do not meet the requirements or specifications for distribution of a TWN, as outlined above.

A PSN may be sent via blast email to all students and employees on campus. A PSN is written and distributed to the University community by the Chief of Police or designee, and the message is reviewed and approved by the Chief Compliance Office and Legal Counsel.

Updates to the University community about any particular case resulting in a PSN, when deemed necessary, may be distributed via blast email, posted on the University's website, or may be shared with The Candor for follow-up story.

Access to and Security of Campus Facilities

Academic and Administrative Buildings:

The Lisle campus is open to the public. The majority of academic and administrative buildings are open during normal business hours and are secured during the late evening hours, depending upon special event scheduling and community usage. During holiday breaks all buildings are locked and if a staff member needs access to a building to get to their office they are instructed via email to contact BUPD at 630-829-6122 who will allow entry into the building. The designated 24-hour non-academic building is the Krasa Student Center. This building is monitored 24/7 by the BUPD dispatch center using security cameras. BUPD regularly patrol the interiors and exteriors of all campus facilities.

Residence Halls:

Access to Ondrak, Jaeger and Neuzil residence halls is restricted to residents, their approved guests, and other approved members of the University community. Residents gain entry by swiping their student ID card at the card access readers. Founders' Woods apartments do not have card accessed controlled entry but individual keys entry. Residents are cautioned against permitting strangers to enter the buildings. Residence assistants (RA), head residence assistants (HR) and Student Life staff enforce campus policies and security measures within the residence halls and apartments to achieve a community respectful of individual and group rights and responsibilities. RAs and HRs also conduct periodic educational sessions on prevention of various crimes, including sexual assault and acquaintance rape.

Visitors must be chaperoned at all times by a resident student while in the residence hall. Security measures shall include, but are not limited to; access control measures, and security cameras in the hallways.

Maintenance of Campus Facilities

The Lisle campus facilities and landscaping are maintained in a manner that minimizes hazardous conditions. BUPD regularly patrols campus and reports malfunctioned lights and other unsafe physical conditions to Facilities Management for correction. Campus community members can additionally report hazards directly to Facilities Management.

The campus' overall safety and security is supplemented by a variety of technological systems including:

- a campus-wide master key system for all lockable doors;
- exterior building and parking lot lighting;
- a CCTV system in various campus buildings;
- residence hall card access control;
- emergency call boxes in parking lots and building entrances;
- fire alarm system;
- emergency telephones located in numerous building common areas;
- intrusion detection/panic alarms;
- radio communications between BUPD, Residence Life, Sports Complex, Athletics and Facilities Management;
- written building access and room opening protocol;
- campus-wide interior and exterior public address system; and
- photo ID cards for faculty, staff, students, contractors and visitors.

All systems are controlled and audited by Facilities Management and the BUPD.

A map of the campus (Visitors' Guide) may be accessed on the University's website, at:
<http://www.ben.edu/about/location.cfm>.

Unlawful Entry and Trespassing

Persons making or attempting to make unauthorized entry into property owned or controlled by the University or University events are subject to arrest. "No trespassing – official business only" signs are posted at all entrances to the campus and the BUPD and/or Residence Life staff may issue "no trespass" notices

verbally or in writing, delivered in-person or via postal mail. If either Residence Life or BUPD issue a “no trespass”, they must inform the other department of the issuance for enforcement. The following conduct is prohibited:

- Unauthorized possession or use of campus keys, access cards or identification cards.
- Violation of published University regulations including those relating to entry and use of University facilities, and any other regulations, which may from time to time be enacted.
- Violation of rules applicable to residence halls and apartments.
- Violation of local, state, or federal laws pertaining to unlawful entry and trespassing.

Rules and Policies Regarding Possession, Use, and Sale of Alcohol

The University seeks to encourage and sustain an academic environment that respects individual freedom and promotes the health, safety and welfare of all members of its community. In keeping with these objectives, the University has established the following policy governing the possession, sale and consumption of alcohol beverages by members of the University community, which conform to the laws of the State of Illinois. The University’s alcohol policy and programs are intended to encourage its members to make responsible decisions about the use of alcoholic beverages, and promote safe, legal and healthy patterns of social interaction. The University prohibits the following on property owned or controlled by the University or as part of any on-campus or off-campus University activity:

- Possession and/or consumption of alcoholic beverages by persons less than 21 years of age;
- Selling, distributing or otherwise providing alcoholic beverages to and/or by anyone less than 21 years of age;
- Driving under the influence of alcohol;
- Consumption of alcoholic beverages by persons 21 years of age or older in any public area or outside of designated areas at authorized University events;
- Public intoxication of any person, regardless of age;
- Possession of containers that previously contained alcoholic beverages; and
- Possession of common source containers, of alcohol, whether full or empty, such as kegs, beer balls, or boxed wine.

The University permits the lawful keeping and consumption, in moderation, of alcoholic beverages on

its property or property under its control by persons of legal drinking age (21 years or older).

Alcohol education programs are conducted routinely at the University. Students having trouble with alcohol or drug use are encouraged to talk with a staff member in Student Health Services, the Dean of Students, or other members of the University staff. External resources are also available.

Drug and Alcohol Abuse Prevention Program

It is the policy of the University that the unlawful manufacture, distribution, dispensing, possession, or use of illicit drugs and alcohol is prohibited by students and employees on University property, as part of its activities or in facilities controlled by the University. The University has a vital interest in maintaining a safe and healthy learning environment for the benefit of all students, employees and guests. This information is in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 and at a minimum is required to be distributed annually in writing to each employee and student. An e-mail notification is sent semiannually by BUPD via the Annual Security and Annual Fire Safety Reports notification email sent to all current students and employees providing the web page to access this program. The University provides information for students and employees regarding illicit drug and alcohol abuse, including standards of conduct, health risks, state and federal penalties, and available drug or alcohol counseling and rehabilitation services. This information can be found at: <http://www.ben.edu/about/upload/Drug-and-Alcohol-Abuse-Prevention-Program.pdf>. Printed copies of this information are available at Benedictine University Police, Lower level of the Parking Garage, 5720 College Road, Lisle, IL 60532.

Illegal Drugs and Drug Paraphernalia

The University prohibits the unlawful manufacture, distribution, dispensation, sale, possession or use of any illicit drug by any of its students, employees in its workplace, on its premises, or as any part of its activities. Illicit Drugs are defined as drugs that are illegal to use, possess or produce; and the unlawful possession, use and sharing of prescription drugs; as defined in Benedictine University’s Drug and Alcohol Policy. Anyone violating the law may be turned over to civil authorities for prosecution and will be subject to all of the University’s disciplinary procedures.

Criminal penalties include fines, imprisonment and, in certain cases, the seizure and forfeiture of the violator's property. In addition, federal and other forms of financial aid may be forfeited.

Illinois law regarding cannabis changed on January 1, 2020. Benedictine University policy continues to prohibit students, employees and members of the general public from possessing, using or distributing marijuana in any form (by inhalation, topically, or orally) on any of the University's campuses or facilities and during any University activities (on or off campus).

As a recipient of federal funding, such as financial aid and federal grants and contracts for research, the University is required to continue to prohibit the use, possession and distribution of all federally controlled substances – including marijuana. Consequently, such activity remains prohibited by University policy.

At the federal level, the Controlled Substances Act states that the growing and use of marijuana is a crime and federal enforcement agencies can prosecute users and growers of marijuana, regardless of state law. In addition to being a federal offense, the use of medical marijuana in the workplace and on campus is restricted by additional federal laws, such as the federal Drug Free Schools and Communities Act and the Drug-Free Workplace Act. Even in the absence of federal law, the possession, use and distribution of these substances would be inconsistent with Benedictine University's dedication to assuring the safety, security and well-being of everyone in the University community.

The University recognizes that there may be activities related to education or research that may appear to be in violation of the policy (e.g., physical fitness activities and theatrical productions). In these cases, the department or organization coordinating the activity is then responsible for obtaining written approval (annually) from the University's chief of police or designees in advance before following through with the activity.

Registered Sex Offender Information

A link to the Illinois Sex Offender Registry can be found on the BUPD pages of the University web site at: <http://www.ben.edu/student-life/police/index.cfm>. This information can also be located through the Illinois State Police (ISP) web site at: <http://www.isp.state.il.us/sor/>. All registered sex offenders must register themselves with the BUPD if they intend on becoming a student. BUPD frequently search the ISP web site for registered sex offenders living off campus, in the general vicinity of the University and as a matter of preemptive intelligence gathering.

Missing Student Notification Policy

This policy contains the official notification procedures for the University concerning missing students who reside in on-campus housing, in accordance with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092 (f)) (or the "Clery Act", which previously was known as the Crime Awareness and Campus Security Act of 1990). The purpose of this policy is to promote the safety and welfare of students who reside in on-campus housing. This policy is mandatory and must be adhered to by all University faculty, staff, and students.

1. In the event that a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she shall **immediately** notify the BUPD at **630-829-6122**. BUPD will generate a missing person report and initiate an investigation. In addition, BUPD will report the missing person to appropriate Student Life staff on campus.
2. Any missing student report must be referred immediately to BUPD, or campus safety department, or, in the absence of BUPD or campus safety department, to the local law enforcement agency that has jurisdiction in the area. The local law enforcement agency for Benedictine University is the Lisle Police Department. The Lisle Police Department is located at 5040 Lincoln Avenue, Lisle, Illinois 60532 and can be reached at 630-271-4200.
3. In addition to registering emergency contacts, students residing in on-campus housing have the

option to identify confidentially an individual to be contacted by the University in the event the student is determined to be missing for more than 24 hours. Students who wish to identify a confidential contact may do so by completing the [Missing Student Contact Information](#) form found on the Residence Life webpage under Resources.

4. The contact information will be confidential, accessible only by authorized Student Life staff and BUPD, and may not be disclosed outside a missing person investigation.
5. If the missing student is under the age of 18 and is not an emancipated individual, staff will notify the student's parent or legal guardian **immediately** after BUPD determine that the student has been missing for more than 24 hours.
6. After investigating the missing person report, should BUPD determine that the student is missing and has been missing for more than 24 hours (regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor). BUPD or a representative from Student Life will notify the Lisle Police Department. In addition, the student's emergency contact will be notified no later than 24 hours after the student is determined to be missing, unless the Lisle Police Department was the entity that made the determination that the student was missing.
7. If a student has been determined missing for more than 24 hours, in addition to the above notifications, specific procedures to follow include:
 1. If the student has designated a confidential contact, notifying that person within 24 hours that the student is determined to be missing.
 2. If the student is under 18 years of age and is not emancipated, notifying the student's custodial parent or guardian and any other designated contact person within 24 hours that the student is determined to be missing.
 3. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, informing the Lisle Police Department within 24 hours that the student is determined to be missing.

Crime Prevention, Fire Safety, and Safety Awareness Programming

The University offers many programs designed to inform students and employees about campus security procedures and practices and the prevention of crimes. A common theme of all awareness and crime prevention programs is to encourage students and employees to be responsible for their own safety and for the safety of

others on campus. Various campus organizations and departments throughout the year sponsor crime prevention programs on personal safety and security. These programs include general crime prevention and security awareness programs, such as safety education programs and discussions about topics such as alcohol abuse, sexual assault awareness and prevention, relationship violence awareness and prevention, bystander intervention, fire safety emergency response and evacuation procedures, and theft prevention. Residence Life staff hold programs in residence halls to explain campus security and safety, campus policies, and expectations related to student conduct, behavior, fire safety measures, and procedures. During new student orientation, crime prevention and security awareness procedures are discussed. New employee orientation includes the distribution of crime prevention and fire safety materials to all new employees during scheduled orientation sessions throughout the year. Crime Prevention and security awareness presentations are conducted when requested by various groups, including students and employees of the University.

Several crime prevention, fire safety, and safety awareness events occur each year. In the fall semester, fire evacuation drills are conducted in each academic, administrative and resident hall building. These are live drills where students, faculty, staff and visitors all evacuate the buildings tested to assemble and get further instruction from the Chief of Police. In the spring semester, shelter in place drills are conducted across the entire campus at the same time. Emergency team members walk through each building checking to see if all students, faculty and staff are practicing the proper procedures, which are emailed prior to the drill. Any students, faculty, staff or visitors in open areas during the drill are gathered and get an explanation of what to expect and what they should do to protect themselves.

Additional safety awareness and crime prevention training/programming occurs throughout the year during October, January and April specifically for Domestic Violence Awareness month (October), Stalking Awareness Month (January) and Sexual Assault Awareness Month (April).

Collection of Crime Statistics/Crime Log

The Chief of the Benedictine University Police is responsible for the gathering of crime statistics annually from the Lisle and Mesa campuses. In addition, the Chief is responsible for contacting the area municipalities where off-site class instruction takes place to retrieve any crime information, which would be part of our Annual Security Report.

BUPD, in accordance with the Clery Act, maintains a daily Crime Log, and prepares and distributes statistics annually on all reported occurrences. The Clery Act requires the annual publication of crime statistics for the previous three calendar years.

Pursuant to the Clery Act, the crime statistics include reports of arrests for, and disciplinary actions arising from selected crimes. Crime that occur on campus (including in residence halls), areas contiguous to University property (including on the public way), and hate crimes are included. Alcohol and drug incidents, and sexual assaults, also can be located in the report.

Campus Security Authorities (CSA)

A CSA is a Clery-specific term that encompasses four groups of individuals and organizations associated with the institution.

1. A campus police department or a campus security department;
2. Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department;
3. Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses; and
4. An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.

2. Serves no legitimate purpose.

Annual Fire Safety Report

The Annual Fire Safety Report is required by (HEOA of 2008) for any Title IV institution that maintains an on-campus student housing facility. Per HEOA, an institution that maintains an on-campus student housing facility must collect fire statistics, publish an Annual Fire Safety Report, and keep a fire log.

Procedures for Preparing and Distributing the Annual Fire Safety Report

BUPD collects fire statistics, composes the Annual Fire Safety Report and maintains a log of fire statistics. The Annual Fire Safety Report is published annually by October 1 and contains three years of fire statistics in accordance with (HEOA). This is the 2019 Annual Fire Safety Report, which contains the statistics for calendar years 2016-2018.

Distribution and Notification of Annual Fire Safety Report

Residence Life - Safety Brochure

The University provides its students with a brochure entitled [Resident Fire Safety Brochure](#) detailing fire safety tips, which also are addressed in this Report.

On-campus Student Housing Fire Safety Systems

The on-campus student housing facilities are Jaeger Hall, Neuzil Hall, Ondrak Hall, and Founders' Woods apartments (which consists of Thomas Hall, Valentine Hall, Becker Hall, Anderson Hall, Kucera Hall and Roman Hall). All of these student-housing facilities are equipped with modern, interior fire alarm systems with horns and strobe lights, which are monitored 24 hours per day, 7 days per week. All housing facilities are equipped with automatic full sprinkler and smoke detection systems, fire extinguishers, and evacuation placards. These systems are tested at least once per year.

Policy on Portable Electrical Appliances and Open Flames

Portable Electrical Appliances - The following items are not allowed in residence halls: space heaters, cooking appliances with heating elements, toaster ovens, outside antennas, halogen lamps, open-coil devices or satellite dishes. Halogen lamps are not permitted in Founders' Woods apartments due to the high risk of room fires.

Open Flames – The following items are not allowed: incense and candles.

Benedictine University Smoking/Tobacco Policy

The Benedictine University Smoking/Tobacco Policy is in consideration of the health risks to community members, environmental impact and community member feedback with the prohibition of tobacco products, smoking and vaping use.

The University prohibits the use of all tobacco products, including cigarettes, cigars, pipes, smokeless tobacco and electronic cigarettes on all our campuses. In addition to all buildings, it applies to all outside property and grounds. In a kind and courteous manner, each community member will be responsible to remind individuals of the University policy. This policy will be enforced like any other student conduct/employee violation. Individuals desiring to smoke may do so in their car.

This policy change reinforces our commitment to preserving and improving the health of our students, faculty, staff and guests. The commitment to a tobacco-free campus is a responsibility we all share together, whether you are a tobacco user or not. In making this decision, we reflected on our Benedictine roots of addressing the common good of the community and also listening to the community.

General Residence Hall Fire Safety

All of the University's on-campus residential student housing facilities are completely covered by integrated automatic sprinkler and hard-wired addressable fire alarm systems, which are monitored 24/7 by BUPD.

In addition, on-campus residential facilities have the following life safety systems: portable fire extinguishers, emergency lighting, emergency exit signs and doors, and emergency phones. A quality control program ensures that each building is inspected by trained building inspectors on a regular basis to ensure that these systems are in working condition, and includes a yearly fire alarm system test and inspection.

Each resident is given a copy of the Resident Fire Safety Brochure, which includes information on fire safety and what appropriate action to take during a fire alarm or fire emergency. The Emergency Response and Recovery Team, BUPD, Lisle-Woodridge Fire District and Facilities Management conduct fire drills in the fall semester.

If a fire occurs in a University building, community members should immediately notify the local fire

department by dialing 9-1-1. BUPD dispatch should be contacted at 630-829-6122 when time allows. BUPD will respond to all fire alarms or reports it receives.

Fires should immediately be reported 9-1-1. When time allows, contact University Police at 630-829-6122. If a member of the University community finds evidence of a fire that has been extinguished, and the person is not sure whether BUPD has already responded, the community member should immediately notify BUPD to investigate and document the incident. Fire alarms alert community members of potential hazards, and community members are required to heed their warning and evacuate buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building. Do not use the elevator. Community members should familiarize themselves with at least two ways out of each building.

Evacuation Procedures for Students and Employees in the Case of a Fire

Should you discover a fire, remember **RACE**:

- **R**emove anyone from immediate danger.
- **A**ctivate the fire alarm system by pulling the nearest fire alarm pull station; call 9-1-1 and then the BUPD at ext. 6666.
- **C**ontain the fire by closing doors.
- **E**vacuate the building.

All buildings are equipped with fire alarm systems, which activate at certain temperature levels or smoke conditions. However, many small fires will require a fire alarm pull station to be manually activated.

Should you be in a building when an alarm is activated, take the following actions:

- Evacuate **IMMEDIATELY** in a calm, orderly manner closing all office and classroom doors;
- Assist those with disabilities in exiting the building and ensure, to the extent possible, that other occupants know to evacuate;
- After evacuating the building, proceed to the evacuation assembly area for that particular building. Notify BUPD or fire department personnel if anyone is deemed unaccounted. Be prepared to move to another location if the evacuation assembly area is deemed to be too close to the building. Help keep roads, fire lanes, hydrants and walkways clear for emergency vehicles and crews;

- If you become trapped in a building during a fire, stay near the floor where the air will be less toxic. Shout for help at regular intervals to alert emergency rescue crews of your location; Remain calm and do not panic.
- Do not use the elevators;
- Exit by nearest safe stairway;
- Try to exit the room, feel the doorknob
 - If it is hot, do not open the door
 - If the doorknob is not hot, brace yourself against the door and crack it open
 - If there is heat or heavy smoke, close the door and stay in your room;
- Don't panic;
- Close all doors;
- If trapped in a room or office, keep the door closed and be prepared to signal your presence from a window;
- If you are on fire, stop, drop and roll, wherever you are. Rolling smothers fire;
- Cool burns. Use cool tap water on burns immediately. Do not use ointments. If skin is blistered or charred, call for an ambulance; and
- Be aware of obstacles that may be in corridors or blocking exits. Storage of any items in these locations is strictly prohibited. Blocked exits and obstacles impede evacuation, especially during dark and smoky conditions.

A person's first action should be to evacuate the building. If a fire is small and appears controllable, use a nearby fire extinguisher to combat the fire.

Remember **PASS**:

- **P**ull the pin from the fire extinguisher.
- **A**im the fire extinguisher at the base of the fire.
- **S**queeze the handles together.
- **S**weep the spray from side to side across the base of the flames

If the first fire extinguisher used does not put out the fire, **EVACUATE** the building. **DO NOT** attempt to use a second fire extinguisher.

It is the policy of the University to have defined procedures to protect the life and safety of students, staff, faculty and guests in the event of a hazard that causes the University to decide to evacuate.

If you hear the direction to "EVACUATE" over the public address (PA) system or classroom telephones, or an administrator announces the evacuation in person or by any other means of communication, you are to follow the procedures provided by the evacuation announcement.

What to do if outside during a building evacuation:

1. Do not enter any building being evacuated.
2. Get to the evacuation assembly area for the building being evacuated (if you are near a building).
3. Listen for specific directions.
4. An authorized person will announce via campus PA system or bullhorn when the building is safe to reenter.

Evacuation of the Mobility Restricted and Mobility Impaired

Mobility Restricted Individuals

Mobility restricted individuals are those with disabilities which might impede rapid building evacuation. Examples include those who are blind or deaf, or whose mobility is restricted by use of walkers or crutches. Assistance can be provided by guiding them to a stairwell, waiting until a clear passage is established and helping them down or up the stairs to a designated meeting area.

Mobility Impaired Individuals

Mobility impaired individuals are those with disabilities which require the use of wheelchairs or other mobility devices. To assist those individuals, proceed as follows:

1. Call the BUPD at ext. 6122. Provide as much information as possible. Most importantly, provide the individual's location.
2. Move the impaired individual near the stairwell and await assistance if there is no immediate danger within the vicinity of the stairs.
3. If the hazard becomes life threatening, move the individual into a room and close the door. If evacuation is deemed necessary, attempt to gain volunteer assistance and proceed to evacuate by way of the established route. Inform BUPD of the individual's new location.

Campus Evacuation

Should it become necessary to evacuate the entire campus, the decision to implement these procedures rests with the Chief of Benedictine University Police. In situations requiring immediate action, the Lisle Police or Fire Department also can order a local area evacuation. When evaluating possible evacuation, consideration will be given to the following:

- Specific threat - Bomb, fire, storm, earthquake, explosion, hazardous materials incident
- Context - Time of day, likelihood
- Recommendations of the first responder officials

In all cases when the decision has been made to evacuate the following basic procedures will be used.

1. The campus will be evacuated in stages, beginning with the areas that are in the immediate vicinity of the threat.
2. Other areas may then be evacuated, depending on the nature of the threat.
3. A gradual evacuation is preferable to a total, immediate evacuation, if possible, as it triages the populations most in danger, minimizes the likelihood of gridlock and congestion, and provides for ingress of emergency vehicles and personnel.
4. In all cases, evacuees would be directed away from the vicinity of the threat.

Policy on Fire Safety Education and Training Programs for Students and Employees

Fire safety education programs for all students in on-campus housing and all employees that have an association with on-campus housing are held at the beginning of each academic year and throughout the calendar year. The Emergency Preparedness Manager provides a Residence Life Safety brochure, which is distributed, to resident students. BUPD evaluates the effectiveness of the fire evacuation drills, and makes recommendations for improvement to University employees including the Residence Life Staff and Student Resident Assistants. If it is determined additional training of employees is needed, BUPD along with the Emergency Preparedness Manager will coordinate the training.

The Lisle-Woodridge Fire District is present during all fire evacuation drills. The University's Office of Emergency Preparedness, working with the BUPD, conducts training sessions, which include fire extinguisher training, evacuation planning and execution, educational materials, informational displays/booths, new employee orientation, publishing and posting of the University's Emergency Response and Recovery Plan annually, investigations, and referrals regarding fire safety issues. Training of Residence Life Staff and student Resident Assistants is conducted each semester for new members. The Lisle-Woodridge Fire District also may provide awareness and educational programming. If a fire occurs, students are instructed to leave hazardous areas via the evacuation routes and get to a

predetermined location before calling 9-1-1 for help. They are to remain in that location so First Responders can determine whether all students have left the building. This information also is provided in the University's Emergency Response and Recovery Plan, which is updated and published annually.

Who should students and employees notify in the event of a fire?

- Dial 9-1-1 Lisle-Woodridge Fire District
- Activate fire pull-station
- Dial 630-829-6122, Benedictine University Police Dispatcher
- Facilities Management 630-829-6420

Future Improvements in Fire Safety

The University adopted the National Incident Management System (NIMS) and continues to train students, employees and campus first responders in fire/disaster response and recovery. The University plans to continue student and employee training provided by the Federal Emergency Management Agency (FEMA), Illinois Terrorism Tasks Force (ITTF), Illinois Emergency Management Agency (IEMA) and the Illinois Law Enforcement Alarm System (ILEAS) by providing instruction on Campus-Community Emergency Response Training (C-CERT), and emergency/disaster response and recovery. Fire evacuation drills in residence facilities will be enhanced by utilizing Resident Assistants. Live fire extinguisher training has been added to resident student training and awareness. Improvements will be made as necessary and per budget year.

Definitions

Cause of Fire – The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure or act of nature.

Evacuate - Is a temporary and controlled rapid removal of people from a building, disaster area or campus as a rescue or precautionary measure. If the removal extends to more than a few months or becomes permanent, it is called "relocation."

Fire - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire-related Death – Any instance in which a person:

4. Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or
5. Dies within 1 year of injuries sustained as a result of the fire.

Examples of fire-related deaths:

- Lung damage due to smoke inhalation
- Heart problems due to stress or exertion
- Getting struck by a falling object
- Getting burned by fallen wires
- Being killed by jumping out a window

Fire-related Injury – Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of the fire. Include as a fire-related injury if treated at a medical facility, including Student Health Services, individuals who are transported to a medical facility (even if they refuse treatment at the facility), individuals who are treated at a temporary medical facility that is set up at the fire site and individuals who are treated in an ambulance. Do not include as a fire-related injury if individuals who appear to be injured but refuse to be transferred to a medical facility and individuals more than one time for a single fire. If an individual is treated at a medical facility, and is later transferred to a different medical facility, count this as one person with fire-related injuries.

Fire Log - Contains the date the fire was reported; the nature of the fire; the date and time of the fire; and the general location of the fire.

Intentional Fire – A fire that is ignited, or that results from the deliberate action, in circumstances where the person knows there should not be a fire. Example – fire in a dorm restroom has been investigated by fire authorizes and determines to be arson. Perpetrator used matches to ignite paper towels.

Official - An official is any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Overhaul – Is the practice of searching a fire scene to detect hidden fires or sparks which may rekindle, and to note the possible point of origin and cause of ignition.

Public - Any university student, employee or, any person not associated with the institution.

Undetermined Fire – A fire in which the cause cannot be determined.

Unintentional Fire – A fire that does not involve an intentional human act to ignite or spread into an area where the fire should not be.

Value of Property Damage – The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity (replacement value, not market value). This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

Emergency Building Evacuation Drills

Fire/emergency building evacuation drills are conducted annually in the fall semester in our residence halls, academic and administrative facilities. The drills are conducted to familiarize occupants with emergency egress from a building and to establish conduct of the drill to a matter of routine. Drills will include suitable procedures, such as potential room-to-room checks, to ensure that all persons subject to the drill participate. Any person who fails to participate in a drill may be subject to disciplinary action by the appropriate authority. In the conduct of drills, emphasis shall be placed on orderly evacuation rather than speed.

Drill shall be held at expected and unexpected times, and under varying conditions to simulate the unusual conditions that can occur in an actual emergency. Participants shall relocate to the evacuation assembly area located outside the building and remain in that location until the all-clear signal BUPD, Lisle-Woodridge Fire or University authority, give further instruction.

Fire Investigations

Trained University personnel or the fire investigation officer within the Lisle-Woodridge Fire District investigates every fire that is not known to be accidental (such as a cooking fire). Fires determined through investigation to be willfully or maliciously set are classified as arsons for Clery reporting purposes.
