Tobacco – Free at Benedictine University

Effective August 1, 2017, the Benedictine University Smoking/Tobacco Policy is changed in consideration of the health risks to community members, environmental impact and community member feedback with the prohibition of tobacco products, smoking and vaping use.

Our community members and guests would abide by the policy in consideration of the following guidelines:

- In a kind and courteous manner, each community member will be responsible to remind individuals of the University policy. This policy will be enforced like any other student conduct/employee violation.
- Individuals desiring to smoke may do so in their car only.
- Announcements of cessation programs for employees and students will be announced on a regular basis.
